SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Row 1: January 20, 2020, Case Management Services CPT Code 99361-W1, \$113.00, \$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

- 1. 28 Texas Administrative Code §133.307, effective May 31, 2012, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.220, effective July 7, 2016, provides the medical fee guidelines for case management services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- 16-Claim/service lacks information which is needed for adjudication. Additional information is supplied using remittance advice remarks codes whenever appropriate.
- 275-The charge was disallowed; as the submitted report does not substantiate the service being billed.
- B12-Services not documented in patients' medical records.

- 5000-When billing CPT codes that are time based, the time spent performing the service(s) must be documented.
- 6766-Specialty bill audit/expert code review involving the application of code auditing rules and edits based on coding conventions defined in the American Medical Association's Current Procedural Terminology (CPT) manual, and coding guidelines developed by national societies and prevailing industry standards and coding practices.
- 1001-Based on the corrected billing and/or additional information/documentation now submitted by the provider, we are recommending further payment to be made for the above noted procedure code.
- W3-Additional payment made on appeal/reconsideration.
- 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
- 1014-The attached billing has been re-evaluated at the request of the provider. Based on this re-evaluation, we find our original review to be correct. Therefore, no additional allowance appears to be warranted.
- 4783-The procedure code billed by the provider has been deleted from the CPT and is no longer considered a valid CPT code.

Issues

Is the requestor entitled to reimbursement for case management services rendered on January 20, 2020?

Findings

1. The Austin carrier representative for XI Insurance American Inc is Flahive, Ogden & Latson. Flahive, Ogden & Latson received a copy of this medical fee dispute on July 21, 2020. Rule §133.307(d)(1) states that if the division does not receive the response within 14 calendar days of the dispute notification, then the division may base its decision on the available information

As of today, no response has been received from the carrier or its representative. We therefore base this decision on the information available as authorized under §133.307(d)(1).

2. The requestor is seeking medical dispute resolution in the amount of \$113.00 for case management services, CPT code 99361-W1, rendered on January 20, 2020.
3. The respondent denied reimbursement for CPT code 99361-W1 based upon the documentation not supporting the service or coding errors (16, 275, B12, 500, 6766, 1001, 4783 code description listed above).
4. The fee guidelines for disputed services is found at 28 Texas Administrative Code §134.220.
5. 28 TAC §134.220(1) states, "Case management responsibilities by the treating doctor are as follows:

(1) Team conferences and telephone calls shall include coordination with an interdisciplinary team.

(A) Team members shall not be employees of the treating doctor.

(B) Team conferences and telephone calls must be outside of an interdisciplinary program.

Documentation shall include the purpose and outcome of conferences and telephone calls, and the name and specialty of each individual attending the team conference or engaged in a phone call."

The submitted "Team Conference" report does not document the purpose and outcome of the conference; it does not specify that the team members are not employees of the treating doctor; and that the conference was not part of an interdisciplinary program. The DWC finds the requestor did not comply with the requirements outlined in 28 TAC §134.220(1).

6. 28 TAC §134.220(2) states, "Case management responsibilities by the treating doctor are as follows:

(2) Team conferences and telephone calls should be triggered by a documented change in the condition of the injured employee and performed for the purpose of coordination of medical treatment and/or return to work for the injured employee."

The submitted "Team Conference" report does not document a change in the injured employee's condition or that it was performed for the purpose of coordination medical treatment and/or returning the injured employee to work. The DWC finds the requestor did not comply with the requirements outlined in 28 TAC §134.220(2).

7. 28 TAC §134.220(4) states, "Case management responsibilities by the treating doctor are as follows:

(4) Case management services require the treating doctor to submit documentation that identifies any health care provider that contributes to the case management activity. Case management services shall be billed and reimbursed as follows:

(A) CPT code 99361.

(i) Reimbursement to the treating doctor shall be \$113. Modifier "W1" shall be added."

The requestor billed \$113.00 for CPT code 99361-W1 in accordance with 28 TAC §134.220(4).

8. Based upon the above findings the DWC finds the respondent's denial of payment for CPT code 99361-W1 is supported because the "Team Conference" report does not meet documentation requirements found in 28 TAC §134.220(1) and (2).

Conclusion

For the reasons stated above, the DWC finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the DWC hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
