FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code (TAC) §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.203, effective March 1, 2008, sets the reimbursement guidelines for professional services.
3. The insurance carrier reduced/denied payment for the disputed services with the following claim adjustment reason codes:
 - 201-Workers compensation case settled. Patient is responsible for amount of this claim/service through WC 'Medicare Set Aside Arrangement' or other agreement.
 - B12-Services not documented inpatient's medical records.
 - P12-Workers' compensation jurisdictional fee schedule adjustment.
 - 309-The charge for this procedure exceeds the fee schedule allowance.
 - 5347-Documentation on the CMS155 or UB04 is not supported by the information in the medical record.
 - 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.

Issues

Is the requestor entitled to reimbursement for CPT code 73030?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$74.00 for CPT code 73030 rendered on July 31, 2020.
2. The respondent denied reimbursement for CPT code 73030 based upon "201-Workers compensation case settled. Patient is responsible for amount of this claim/service through WC 'Medicare Set Aside Arrangement' or other agreement." A review of the submitted documentation did not support this denial; therefore, the respondent's denial based upon "201" is not supported.
3. The respondent denied reimbursement for the services based upon a lack of documentation.
4. The requestor submitted documentation to support billing CPT code 73030; therefore, the respondent's denial is not supported, and reimbursement is due.
5. The fee guidelines for professional services are found in 28 TAC §134.203.
6. Per 28 TAC §134.203(c)(1)(2),

To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007.

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = Maximum Allowable Reimbursement (MAR).

The 2020 DWC Conversion Factor is 60.32

The 2020 Medicare Conversion Factor is 36.0896

Review of Box 32 on the CMS-1500 finds the services were rendered in Carrollton, Texas; therefore, the locality will be based on the rate for "Rest of Texas".

The Medicare Participating amount for CPT code 73030 at this locality is \$31.94.

Using the above formula, the DWC finds the MAR is \$53.38. The respondent paid \$0.00. As a result, reimbursement of \$53.38 is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$53.38.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the DWC has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The DWC hereby ORDERS the respondent to remit to the requestor the amount of \$53.38 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
