FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code (TAC) §133.307, effective May 31, 2012, sets out the procedures for resolving medical fee disputes.
2. Texas Labor Code (TLC) §408.027, effective September 1, 2007, sets out the rules for timely submission of a claim by a health care provider.
3. TLC §408.0272, effective September 1, 2007, provides for exceptions for timely submission of a claim by a health care provider.
4. 28 TAC §102.4(h), effective May 1, 2005, sets out rules to determine when written documentation was sent.
5. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.
6. The services in dispute were reduced / denied by the respondent with the following reason codes:
 - 29-The time limit for filing claim/bill has expired.
 - 4271-Per TX Labor Code Sec. 413.016, providers must submit bills to payors within 95 days of the date of service.

Issues

Is the requestor entitled to reimbursement for radiology services rendered on December 11, 2019?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$47.11 for CPT code 71045-26, 73560-26, and 73502-26 rendered on December 11, 2019.
2. The respondent denied reimbursement for the disputed services based upon "29-The time limit for filing has expired."
3. To determine if the disputed services are eligible for reimbursement the DWC refers to the following statute:
 - TLC §408.027(a) states, "A health care provider shall submit a claim for payment to the insurance carrier not later than the 95th day after the date on which the health care services are provided to the injured employee. Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment."
 - TLC §408.0272(b)(1) states "Notwithstanding Section 408.027, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.027(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if: (1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with: (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured; (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title."
 - 28 TAC §133.20(b) states, "Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied. The medical bill submitted by the health care provider to the correct workers' compensation insurance carrier is subject to the billing, review, and dispute processes established by Chapter 133, including §133.307(c)(2)(A) - (H) of this title (relating to MDR of Fee Disputes), which establishes the generally acceptable standards for documentation."
 - 28 TAC §102.4(h), states, "Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on: (1) the date received, if sent by fax, personal delivery or electronic transmission or, (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date

deemed sent shall be the next previous day which is not a Sunday or legal holiday.”

4. The DWC reviewed all the submitted documentation and finds:

- The date of service in dispute is December 11, 2019.
- The requestor initially billed and was paid for the disputed services by Humana.
- On August 4, 2020, Humana began recouping payments. The requestor contacted Humana and was notified that the claim was related to a workers compensation injury.
- On August 14, 2020, the requestor billed the respondent’s representative, Sedgwick. This date is within the 95 day deadline to bill the correct carrier upon notification of the provider’s erroneous submission of bill.
- The requestor supported position that they meet exception for timely filing outlined in TLC §408.0272(b)(1)(A) because erroneously billed the claimant’s private insurance.
- The requestor supported position that reimbursement is due.

5. The fee guidelines for disputed services is found at 28 TAC §134.203.

- 28 TAC §134.203(a)(5) states, “Medicare payment policies” when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.”
- 28 TAC 134.203(b)(1) states, “For coding, billing, reporting, and reimbursement of professional medical services, Texas workers’ compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules.”

The disputed services are described as:

- 71045-Radiologic examination, chest; single view.
- 73502-Radiologic examination, hip, unilateral, with pelvis when performed; 2-3 views.
- 73560-Radiologic examination, knee; 1 or 2 views.

The requestor appended modifier 26-Professional Component to these codes.

6. 28 TAC §134.203(c)(1) states “To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83.”

28 TAC §134.203(c)(2) states “The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year’s conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year’s conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007.”

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

Review of Box 32 on the CMS-1500 finds that the services were rendered in zip code 78224 which is located in San Antonio, Texas; therefore, the Medicare locality is “Rest of Texas.”

The carrier code for Texas is 4412 and the locality code for Rest of Texas is 99.

The DWC conversion factor for 2019 is 59.19.

The Medicare conversion factor for 2019 is 36.0391.

Using the above formula and locality, the DWC finds the following:

Code	Medicare Participating Amount	MAR	Respondent Paid	Amount Due
71045	\$9.14	\$15.01 or less, the requestor is seeking \$14.79	\$0.00	\$14.79
73560	\$8.42	\$13.83	\$0.00	\$13.83
73502	\$11.26	\$18.49	\$0.00	\$18.49

Conclusion

For the reasons stated above, the Division finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$47.11.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$47.11 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
