Issues

Does the documentation support billing CPT code 99204? Is the requestor due reimbursement?

Findings

1. The Austin carrier representative for Sampo America Insurance Co is Flahive, Ogden & Latson. Flahive, Ogden & Latson received a copy of this medical fee dispute on January 26, 2021. Rule §133.307(d)(1) states that if the division does not receive the response within 14 calendar days of the dispute notification, then the division may base its decision on the available information

As of today, no response has been received from the carrier or its representative. We therefore base this decision on the information available as authorized under §133.307(d)(1).

2. The requestor is seeking medical fee dispute resolution in the amount of \$275.08 for CPT code 99204 rendered on March 10, 2020.
3. The respondent denied reimbursement for CPT code 99204 based upon the documentation did not support the level of service billed.
4. The fee guidelines for disputed services are found in 28 TAC §134.203.
5. 28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99204 is described as, "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A comprehensive history; A comprehensive examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 45 minutes are spent face-to-face with the patient and/or family."

The division finds the submitted report does not sufficiently support a comprehensive history, specifically a detailed family history, that is required for billing code 99204; therefore, reimbursement is not recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the DWC has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
