

MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION
GENERAL INFORMATION

<u>Requestor Name</u> METHODIST HOSPITAL FOR SURGERY	<u>MFDR Tracking Number</u> M4-21-0852-01
<u>Respondent Name</u> TEXAS MUTUAL INURANCE COMPANY	<u>MFDR Date Received</u> January 26, 2021
<u>Response Submitted By</u> Texas Mutual Insurance Company	<u>Carrier's Austin Representative</u> Box Number 54

REQUESTOR'S POSITION SUMMARY

"Per EOB received bill for DOS 7/14/2020 denied for provider out of network/authorization. Please note per the Coventry UR dept and the adjuster Magaly Diaz with TX Mutual, the requested right shoulder manipulation under anesthesia (CPT Code 23700) scheduled for 07/14/20 at Methodist Hospital for Surgery is approved as reasonable and necessary with the facility. Authorization#... with date range 6/12/2020-10/12/2020. Please reprocess and remit payment for amount due. Please review and adjust payment accordingly."

RESPONDENT'S POSITION SUMMARY

"Texas Mutual claim [claim number] is in the WorkWell Network... Texas Mutual reviewed its online Network provider directory for the requestor's name and for its tax identification number and found no evidence METDALSPI LLC (Methodist Hospital for Surgery) is a participant in that Network. Further, Texas Mutual has no evidence the requestor, a non-network provider, received out of network approval to provide the service or treatment. Nor has the requestor provided any such evidence in its DWC-60 packet... Preauthorization submitted by the provider (see DW60 packet) confirms the facility was out of network (OON), instructions and contact information for the facility to obtain out of network approval were provided. Because this fee reimbursement dispute involves a Network requirement under the Insurance Code and not the Labor Code, Texas Mutual argues DWC MDR has no jurisdiction in this matter."

SUMMARY DISPUTED SERVICES

Date(s) of Service	Disputed Service(s)	Amount in Dispute	Amount Ordered
July 13, 2020 and July 14, 2020	Outpatient Facility Charges	\$10,843.50	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all-applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.305, sets out the procedures for resolving medical disputes.
- 28 Texas Administrative Code §133.307, sets out the procedures for resolving medical fee disputes.
- 28 Texas Insurance Code Chapter 1305 applicable to Health Care Certified Networks.

Issue

- Did the requestor render services to an injured employee enrolled in a certified network?
- Is this dispute eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307?

Findings

- 1. The requestor filed this medical fee dispute to the DWC asking for resolution pursuant to 28 TAC (TAC) §133.307 titled *MDR of Fee Disputes*. The authority of the DWC is to apply TLC statutes and rules, including 28 TAC §133.307, is limited to the conditions outlined in the applicable portions of the TIC, Chapter 1305. TIC §1305.153 (c) provides that “Out-of-network providers who provide care as described by §1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation.”

TIC §1305.006 states, in pertinent part, “(3) health care provided by an out-of-network provider pursuant to a referral from the injured employee's treating doctor that has been approved by the network pursuant to §1305.103.”

The requestor therefore has the burden to prove that the condition(s) outlined in the TIC §1305.006 were met to be eligible for dispute resolution. The following are the DWC’s findings.

TIC §1305.103 requires that “(e) A treating doctor shall provide health care to the employee for the employee's compensable injury and shall make referrals to other network providers, or request referrals to out-of-network providers if medically necessary services are not available within the network. Referrals to out-of-network providers must be approved by the network. The network shall approve a referral to an out-of-network provider not later than the seventh day after the date on which the referral is requested, or sooner if circumstances and the condition of the employee require expedited approval. If the network denies the referral request, the employee may appeal the decision through the network's complaint process under Subchapter I.

- 2. The requestor has the burden to prove that it obtained the appropriate approved out-of-network referral for the out-of-network healthcare it provided. Review of the submitted documentation finds that the requestor submitted insufficient documentation and/or no documentation to support that a referral was obtained from the treating doctor and approved by the network to treat the injured employee. The DWC concludes that the requestor thereby has failed to meet the requirements of TIC §1305.103.

The DWC finds that the requestor failed to prove in this case that that the requirements of TIC §1305.006(3) were met. Consequently, the services in dispute are not eligible for MFDR pursuant to 28 TAC §133.307.

The TDI rules at 28 TAC §§10.120 through 10.122 address the submission of a complaint by a health care provider to the Health Care Network. The DWC finds that the disputed may be filed to the TDI’s Complaint Resolution Process if the health care provider or facility is dissatisfied with the outcome of the network complaint process. The complaint process outlined in TIC Subchapter I, §1305.401 - §1305.405 may be the appropriate administrative remedy to address fee matters related to health care certified networks.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. Even though all the evidence was not discussed, it was considered. The Division finds that this dispute is not under the jurisdiction of the Division of Workers’ Compensation and is therefore, not eligible for medical fee dispute resolution under 28 Texas Administrative Code §133.307.

DECISION

Based upon the documentation submitted by the parties, the Division has determined that this dispute is not eligible for resolution pursuant to 28 Texas Administrative Code §133.307.
