Issues

Is the requestor entitled to reimbursement for CPT codes 64493-50, 64494-50, 64495-50, 99152, and 72100-26 rendered on January 28, 2020?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$2,623.00 for CPT codes 64493-50, 64494-50, 64495-50, 99152, and 72100-26 rendered on January 28, 2020.
2. To determine if the disputed services are eligible for reimbursement the DWC refers to the following statute:
 - 28 TAC §134.203(a)(5) states, "Medicare payment policies' when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."
 - 28 TAC §134.203(b)(1) states, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."
3. The disputed services are described as:
 - 64493-Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), lumbar or sacral; single level. The requestor appended modifier 50-bilateral procedure to this code.
 - 64494-Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), lumbar or sacral; second level (List separately in addition to code for primary procedure). The requestor appended modifier 50-bilateral procedure to this code.
 - 64495-Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), lumbar or sacral; third and any additional level(s) (List separately in addition to code for primary procedure). The requestor appended modifier 50-bilateral procedure to this code.
 - 99152- Moderate sedation services provided by the same physician or other qualified health care professional performing the diagnostic or therapeutic service that the sedation supports, requiring the presence of an independent trained observer to assist in the monitoring of the patient's level of consciousness and physiological status; initial 15 minutes of intraservice time, patient age 5 years or older.
 - 72100- Radiologic examination, spine, lumbosacral; 2 or 3 views. The requestor appended modifier 26 - Professional component to code 72100.

4. CPT codes 64493-50, 64494-50 and 64495-50:

The respondent denied reimbursement for CPT codes 64493-50, 64494-50 and 64495-50 based upon reason codes "00563," "252," and "P12." (code description listed above)

Review of the Pain Management Procedure Report supports claimant underwent a "Lumbar medial and lateral branches blocked today include: L3, L4, and L5, bilateral." The requestor supported billing CPT codes 64493, 64494, and 64495; therefore, payment per the fee guideline is recommended.

Per 28 TAC §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the DWC had been using this MEI annual percentage adjustment: The 2006 DWC conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) DWC conversion factor in 2007."

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

The 2020 DWC Conversion Factor is 75.70

The 2020 Medicare Conversion Factor is 36.0896

Per the CMs 1500, the services were rendered in Tyler, TX; therefore, the Medicare locality is "Rest of Texas".

Using the above formula, the DWC finds the MAR is:

Code	Medicare Participating Amount	MAR X 150% for bilateral procedures	Insurance Carrier Paid	Amount Due
64493	\$89.88	\$282.79	\$0.00	\$282.79
64494	\$52.00	\$163.61	\$0.00	\$163.61
64495	\$52.69	\$165.78	\$0.00	\$165.78

5. CPT Code 99152:

The respondent denied reimbursement for CPT code 99152 based upon reason codes "P300," "P12," and "112." (code description listed above)

The requestor wrote on the Pain Management Procedure Report "Conscious sedation was administered under my supervision used Versed from 1535 to 1550." This statement supports billing CPT code 99152; therefore, reimbursement is recommended.

Medicare Participating Amount at this locality is \$12.25.

Using the above formula, the DWC finds the MAR is \$25.70. The respondent paid \$0.00. The requestor is due \$25.70.

6. CPT code 72100-26:

The respondent denied reimbursement for CPT code 72100-26 based upon reason codes "00137," "97," "P12," and "P300." (code description listed above)

Medicare Participating Amount at this locality is \$11.26.

Using the above formula, the DWC finds the MAR is \$23.62. The respondent paid \$0.00. The requestor is due \$23.62.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$661.50.
