 - 00137-The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.

Issues

Is the requestor entitled to reimbursement for CPT codes 27096 and 72100-26 rendered on September 2, 2020?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$1,020.00 for CPT codes 27096 and 72100-26 rendered on September 2, 2020.
2. To determine if the disputed services are eligible for reimbursement the DWC refers to the following statute:
 - 28 TAC §134.203(a)(5) states, "Medicare payment policies' when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."
 - 28 TAC §134.203(b)(1) states, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."
3. The disputed services are described as:
 - 27096-Injection procedure for sacroiliac joint, anesthetic/steroid, with image guidance (fluoroscopy or CT) including arthrography when performed.
 - 72100- Radiologic examination, spine, lumbosacral; 2 or 3 views. The requestor appended modifier 26 - Professional component to code 72100.

4. CPT code 27096:

The respondent denied reimbursement for CPT code 27096 based upon reason codes "00563," "252," and "P12." (code description listed above)

Review of the Pain Management Procedure Report supports claimant underwent a Sacroiliac Intra-articular Injection with fluoroscopic guidance. The requestor supported billing CPT code 627096; therefore, payment per the fee guideline is recommended.

Per 28 TAC §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and

shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the DWC had been using this MEI annual percentage adjustment: The 2006 DWC conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) DWC conversion factor in 2007.”

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

The 2020 DWC Conversion Factor is 75.70

The 2020 Medicare Conversion Factor is 36.0896

Per the CMs 1500, the services were rendered in Tyler, TX; therefore, the Medicare locality is “Rest of Texas”.

Place of Service 22. Per Medicare Claims Processing Manual, Chapter 26-Completing and Processing Form CMS-1500 Data Set, Section 10.5 Place of Service Codes (POS) and Definitions, POS 22-On Campus-Outpatient Hospital reimbursement is based upon the facility rate.

Using the above formula, the DWC finds the MAR is:

Code	Medicare Participating Amount	MAR	Insurance Carrier Paid	Amount Due
27096	\$83.31	\$174.75	\$0.00	\$174.75

5. CPT code 72100-26:

The respondent denied reimbursement for CPT code 72100-26 based upon reason codes “00137,” “97,” and “P12.” (code description listed above)

Per CCI edits, CPT code 72100 is not included in the allowance of 27096; therefore, the respondent’s denial is not supported.

Medicare Participating Amount at this locality is \$11.26.

Using the above formula, the DWC finds the MAR is \$23.62. The respondent paid \$0.00. The requestor is due \$23.62.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$198.37.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$198.37, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
