REQUESTOR'S POSITION SUMMARY

"On behalf of St Joseph Medical Center, I am respectfully appealing the decision to deny payment for the above-mentioned claim. Per your determination, authorization was not obtained. We disagree with this determination. This was a medically necessary emergent encounter; therefore, authorization could not be obtained."

RESPONDENT'S POSITION SUMMARY

"Based on the review and findings above, no payment is due to the provider. Dr. Henry performed surgery without prior authorization. There is no indication by Dr. Henry that this surgery was emergent. The only comment on a 'medical emergency' is seen in the preauthorization request submitted by Dr. Henry's surgery scheduler, but this is merely a definition of what constitutes an emergency surgery, otherwise completely lacking clinical correlation to the request."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code (TLC) §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code (TAC) §133.307 sets out the procedures for resolving medical fee disputes.

Issues

- Did the requestor waive the right to medical fee dispute resolution?

Findings

- 1. The requestor seeks reimbursement for medical services rendered on February 21, 2020. 28 TAC §133.307(c) (1) states in pertinent part, "Timeliness. A requestor shall timely file the request with the division's MFDR Section or waive the right to MFDR. The division shall deem a request to be filed on the date the MFDR Section receives the request. A decision by the MFDR Section that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section. (A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute."

The date of the services in dispute is February 21, 2020. The request for medical fee dispute resolution was received in the Medical Fee Dispute Resolution (MFDR) Section on March 4, 2021. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in 28 TAC §133.307(c) (1) (B). The Division concludes that the requestor has failed to timely file this dispute with the Division's MFDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of TLC §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
