"These bills were previously submitted in a timely manner. Please review the attached documentation and pay according to the TDI guidelines."

Amount in Dispute: \$12.27

RESPONDENT'S POSITION SUMMARY

The respondent did not submit a response to this request for medical fee dispute resolution.

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
January 18, 2021	CPT Code 99213 Office Visit	\$12.27	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code (TAC) §133.307, effective February 22, 2021, sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - P12-Workers' compensation jurisdictional fee schedule adjustment.
 - 223-Adjustment code for mandated federal, state or local law/regulation that is not already covered by another code and is mandated before a new code can be created.
 - 309-The charge for this procedure exceeds the fee schedule allowance.
 - 00663-Reimbursement has been calculated according to state fee schedule guidelines.

Issues

Does the documentation support billing CPT code 99213? Is the requestor due reimbursement?

Findings

1. The Austin carrier representative for XI Insurance America INC is Flahive, Ogden & Latson. Flahive, Ogden & Latson received a copy of this medical fee dispute on April 6, 2021. Rule §133.307(d)(1) states that if the division does not receive the response within 14 calendar days of the dispute notification, then the division may base its decision on the available information

As of today, no response has been received from the carrier or its representative. We therefore base this decision on the information available as authorized under §133.307(d)(1).

2. The requestor is seeking medical fee dispute resolution in the amount of \$12.27 for CPT code 99213 rendered on January 18, 2021.
3. The respondent contends additional reimbursement is due per the fee guideline.
4. The fee guidelines for disputed services are found in 28 TAC §134.203.
5. 28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99213 is described as, "CPT code 99213 is described as, "Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: An expanded problem focused history; An expanded problem focused examination; Medical decision making of low complexity. Counseling and coordination of care with other providers or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of low to moderate severity. Physicians typically spend 15 minutes face-to-face with the patient and/or family."

The division finds the submitted report supports billing code 99213; therefore, reimbursement is recommended per the fee guideline.

6. 28 TAC §134.203(c)(1) states "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83."

28 TAC §134.203(c)(2) states "The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's

conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007.”

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

- The DWC conversion factor for 2021 is 61.17.
- The Medicare conversion factor for 2021 is 34.8931.
- Review of Box 32 on the CMS-1500 finds that the services were rendered in zip code 76111 which is located in Fort Worth, Texas; therefore, the Medicare locality is “Fort Worth, Texas.”
- The carrier code for Texas is 4412 and the locality code for Fort Worth is 28.
- The Medicare participating amount for CPT code 99213 at this locality is \$91.37.

Using the above formula, the MAR is \$160.18. The respondent paid \$160.18. The difference between MAR and amount paid is \$0.00.

Conclusion

For the reasons stated above, the DWC finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the DWC has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
