FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code §133.307 (TAC), effective February 22, 2021, sets out the procedures for resolving a medical fee dispute.
2. 28 TAC §134.600, effective November 1, 2018, requires preauthorization for specific treatments and services.
3. Per the submitted explanation of benefits, the services in dispute were reduced/denied by the respondent with the following claim adjustment reason codes:
 - 16-Claim/service lacks information or has submission/billing error(s) which is needed for adjudication.
 - 5729-Payment denied/reduced for absence of precertification/authorization.
 - W3-Additional payment made on appeal/reconsideration.
 - P12-Workers' compensation jurisdictional fee schedule adjustment.
 - 309-The charge for this procedure exceeds fee schedule allowance.

Issues

Is the requestor entitled to reimbursement for CPT codes 99213, 90837, 96158 and 96159 rendered from August 26, 2020 through September 10, 2020?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$433.50 for CPT codes 99213, 90837, 96158 and 96159 rendered from August 26, 2020 through September 10, 2020. The respondent issued payment for CPT codes 99213 and 90837; therefore, only CPT codes 96158 and 96159 remain in dispute.
2. The insurance carrier denied reimbursement for the disputed services, CPT codes 96158 and 96159, based upon a lack of preauthorization.
 - CPT code 96158 is described as "Health behavior intervention, individual, face-to-face; initial 30 minutes."
 - CPT code 96159 is described as "Health behavior intervention, individual, face-to-face; each additional 15 minutes (List separately in addition to code for primary service)."

Based upon the code description, the disputed services are not listed in the above rule; therefore, the respondent's denial based upon a lack of preauthorization is not supported. The DWC finds the requestor is due reimbursement for the disputed services.

3. 28 TAC §134.203(c)(1) states, "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83."

28 TAC §134.203(c)(2) states, "The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007."

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

The 2020 DWC Conversion Factor is 60.32

The 2020 Medicare Conversion Factor is 36.0896

Review of Box 32 on the CMS-1500 the services were rendered in San Antonio, Texas; therefore, the locality will be based on the rate for "Rest of Texas".

The Medicare Participating amount for CPT code 96158 at this locality is \$66.90 and \$23.33 for 96159.

Using the above formula, the DWC finds:

Code	Medicare Participating Amount	No. of Units	MAR	Amount Due
96158	\$66.90	1	\$111.82 or less. The requestor is seeking lesser amount of \$93.50	\$93.50
96159	\$23.33	2	\$38.99 X 2 = \$77.99 or less. The requestor is seeking lesser amount of \$76.50	\$76.50

As a result, reimbursement of \$170.00 is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$170.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the DWC has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The DWC hereby ORDERS the respondent to remit to the requestor the amount of \$170.00 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
