### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
- The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment codes:
  - P12 – Workers' compensation jurisdictional fee schedule adjustment

- 97 – Payment adjusted because the benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated
- 96 – Non-covered charge
- 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly

**Issues**

What is the applicable rule for determining reimbursement for the disputed services?

**Findings**

The requestor is seeking additional reimbursement in the amount \$130.01 for outpatient hospital services rendered on September 11, 2020. The insurance carrier reduced the disputed services based on bundling.

28 TAC §134.403 (d) requires Texas workers' compensation system participants when coding, billing, reporting and reimbursement to apply Medicare payment policies in effect on the date of service.

The Medicare payment policy applicable to the services in dispute is found at [www.cms.gov](http://www.cms.gov), Claims processing Manual, Chapter 4, Section 10.1.1. Specifically, Payment Status Indicators and Ambulatory Payment Category (APC).

Procedure code 99214 has status indicator B, for codes not paid under OPPOS—these codes may not be reported on an outpatient hospital bill (type 12x and 13x). Payment is not recommended.

**Conclusion**

In resolving disputes over reimbursement for medically necessary health care to treat a compensable injury, the role of DWC is to adjudicate payment following Texas laws and DWC rules. The findings in this decision are based on the evidence available at the time of review. Even though not all the evidence was discussed, it was considered.

For the reasons above the requestor has/has not established payment is due. As a result, the amount ordered is \$0.00.

***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute
