FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code (TAC) §133.307, effective February 22, 2021, sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 150, 00168-Payer deems the information submitted does not support this level of service.
 - 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
 - 5407-CV: Reconsideration no additional allowance recommended, this bill and submitted documentation have been re-evaluated by clinical validation.

Issues

Does the documentation support billing CPT code 99204? Is the requestor due reimbursement?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$263.00 for CPT code 99204 rendered on September 23, 2020.
2. The respondent denied reimbursement for CPT code 99204 based upon the fee guideline and the documentation did not support the level of service billed.
3. The fee guidelines for disputed services are found in 28 TAC §134.203.
4. 28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99204 is described as, "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A comprehensive history; A comprehensive examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 45 minutes are spent face-to-face with the patient and/or family."

The division finds the submitted report does not sufficiently support a comprehensive history, specifically a detailed family history, that is required for billing code 99204; therefore, reimbursement is not recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the DWC has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
