	CPT Code 96132	\$0.00	\$0.00
	CPT Code 96133	\$0.00	\$0.00
	CPT Code 96136	\$0.00	\$0.00
	CPT Code 96137	\$600.34	\$0.00
<b>Total</b>		\$600.34	\$0.00

### Requestor's Position

DESIGNATED DOCTOR REFERRED TESTING INCORRECT REDUCTION...The carrier has not paid this claim in accordance and compliance with TDI-DWC Rule 133 and 134."

**Amount in Dispute:** \$600.34

### Respondent's Position

"Supplemental response will be provided once the bill auditing company has finalized their review."

**Response Submitted by:** Gallagher Bassett Services

## Findings and Decision

### Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

### Statutes and Rules

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.203, sets out the fee guidelines for reimbursement of professional medical services provided in the Texas workers' compensation system.
3. 28 TAC §127.10, sets out the procedures for Designated Doctor examinations.

### Denial Reasons

The insurance carrier reduced the payment for the disputed services with the following claim adjustment codes:

- P12-Workers' compensation jurisdictional fee schedule adjustment.
- 309-The charge for this procedure exceeds the fee schedule allowance.
- 193, 00563-Original payment decision is being maintained. Upon review it was determined that this claim was processed properly.

### Issues

1. Is Dr. Allison Walls entitled to additional reimbursement?

### Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$600.34 for CPT code 96137 rendered on September 9, 2020.

To determine if the respondent's reduction of payment is supported, the DWC refers to the following statute:

- The fee guideline for disputed services is found at 28 TAC§134.203.
- 28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."
- 28 TAC §134.203(b)(1) states, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct

coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules.”

- 28 TAC §134.203(a)(7) states, “Specific provisions contained in the Texas Labor Code or the Texas Department of Insurance, Division of Workers' Compensation (Division) rules, including this chapter, shall take precedence over any conflicting provision adopted or utilized by CMS in administering the Medicare program. Independent Review Organization (IRO) decisions regarding medical necessity made in accordance with Labor Code §413.031 and §133.308 of this title (relating to MDR by Independent Review Organizations), which are made on a case-by-case basis, take precedence in that case only, over any Division rules and Medicare payment policies.”
- 28 TAC §127.10(c) states in part, “The designated doctor shall perform additional testing when necessary to resolve the issue in question. The designated doctor shall also refer an injured employee to other health care providers when the referral is necessary to resolve the issue in question and the designated doctor is not qualified to fully resolve the issue in question. Any additional testing or referral required for the evaluation is not subject to preauthorization requirements nor shall those services be denied retrospectively based on medical necessity, extent of injury, or compensability in accordance with the Labor Code §408.027 and §413.014, Insurance Code Chapter 1305, or Chapters 10, 19, 133, or 134 of this title (relating to Workers' Compensation Health Care Networks, Agents' Licensing, General Medical Provisions, and Benefits--Guidelines for Medical Services, Charges, and Payments, respectively) but is subject to the requirements of §180.24 of this title (relating to Financial Disclosure).

On the disputed date of service, the requestor billed CPT codes 96116, 96132, 96133, 96136, and 96137. These codes are described as:

- CPT code 96116-“Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, [eg, acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities]), by physician or other qualified health care professional, both face-to-face time with the patient and time interpreting test results and preparing the report; first hour.”
- CPT code 96132-“Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; first hour.”
- CPT code 96133-“Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; each additional hour (List separately in addition to code for primary procedure).”

- CPT code 96136-“Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; first 30 minutes.”
- CPT code 96137-“Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; each additional 30 minutes (List separately in addition to code for primary procedure).”

As noted from the code descriptors, all of the codes are timed procedures. CPT codes 96133 and 96137 are billed as secondary codes to 96132 and 96136 for additional time.

NCCI Policy Manual, Chapter 11, (M)(2), effective January 1, 2020 states, “The psychiatric diagnostic interview examination (CPT codes 90791, 90792), psychological/neuropsychological testing (CPT codes 96136-96146), and psychological / neuropsychological evaluation services (CPT codes 96130-96133) must be distinct services if reported on the same date of service. CPT Manual instructions permit physicians to integrate other sources of clinical data into the report that is generated for CPT codes 96130-96133. Since the procedures described by CPT codes 96130-96139 are timed procedures, physicians shall not report time for duplicating information (collection or interpretation) included in the psychiatric diagnostic interview examination and/or psychological/neuropsychological evaluation services or test administration and scoring. (CPT codes 96101 and 96118 were deleted January 1, 2019.)

The requestor noted on the Neuropsychological Evaluation report that the claimant underwent 16 hours of Neuropsychological testing evaluation services; 1 hour of Examinee Interview & Neurobehavioral/Mental Status Exam services; and 5 hours of Neuropsychological Testing and Scoring, for a total of 22 hours on the disputed date of service.

The requestor did not bill in accordance with NCCI Policy Manual, Chapter 11, (M)(2), because “procedures described by CPT codes 96130-96139 are timed procedures, physicians shall not report time for duplicating information (collection or interpretation) included in the psychiatric diagnostic interview examination and/or psychological/neuropsychological evaluation services or test administration and scoring.” The report does not list the start and end time of time procedure codes 96116, 96132, 96133, 96136, and 96137 to support the number of hours billed. The requestor’s documentation does not support the services billed were in accordance with the fee guideline.

### Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that additional reimbursement is due.

## Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
