A. Per Addendum AA, CPT codes 28320 is a device intensive procedure.

28 TAC §134.402(f)(2)(A)(i)(ii) states,

The reimbursement calculation used for establishing the MAR shall be the Medicare ASC reimbursement amount determined by applying the most recently adopted and effective Medicare Payment System Policies for

Services Furnished in Ambulatory Surgical Centers and Outpatient Prospective Payment System reimbursement formula and factors as published annually in the *Federal Register*. Reimbursement shall be based on the fully implemented payment amount as in ADDENDUM AA, ASC COVERED SURGICAL PROCEDURES FOR CY 2008, published in the November 27, 2007 publication of the *Federal Register*, or its successor. The following minimal modifications apply: (2) Reimbursement for device intensive procedures shall be: (A) the sum of: (i) the ASC device portion; and (ii) the ASC service portion multiplied by 235 percent."

The following formula was used to calculate the MAR:

- Step 1 calculating the device portion of the procedure:

The national reimbursement is found in the Addendum B for National Hospital Outpatient Prospective Payment System (OPPS) code 28320 for CY 2021 = \$12,314.76.

The device dependent APC offset percentage for National Hospital OPPS found in Addendum P for code 28320 for CY 2021 is 42.46%

Multiply these two = \$5,228.85.

- Step 2 calculating the service portion of the procedure:

Per Addendum AA, the Medicare ASC reimbursement rate for code 28320 for CY 2021 is \$8,621.99.

This number is divided by 2 = \$4,311.00.

This number multiplied by the City Wage Index for Mansfield, Texas of 0.9697 = \$4,180.37.

The sum of these two is the geographically adjusted Medicare ASC reimbursement = \$8,491.37.

The service portion is found by taking the geographically adjusted rate minus the device portion = \$3,262.52.

Multiply the service portion by the DWC payment adjustment of 235% = \$7,666.93.

- Step 3 calculating the MAR:

The MAR is determined by adding the sum of the reimbursement for the device portion and the service portion = \$12,895.78.

The DWC finds the MAR for CPT code 28320 is \$12,895.78. The respondent paid \$11,974.76. The DWC finds the requestor is due additional reimbursement of \$921.02.

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement \$921.02 is due.
