MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name
GABRIEL A JASSO, PHD

Respondent Name
PACIFIC INDEMNITY INSURANCE CO

MFDR Tracking Number
M4-21-2297-01

Carrier's Austin Representative
Box Number 17

MFDR Date Received
AUGUST 12, 2021

REQUESTOR'S POSITION SUMMARY

"DESIGNATED DOCTOR REFERRED TESTING INCORRECT REDUCTION…The carrier has not paid this claim in accordance and compliance with TDI-DWC Rule 133 and 134."

Amount in Dispute: $939.56

RESPONDENT'S POSITION SUMMARY

"As noted from the code descriptions, code 96133 and 96137 are timed procedures. They are also billed as secondary codes to the primary codes 96132 and 96136 for additional time…The requestor noted on the Neuropsychological Examination Report that the claimant underwent a total of 24 hours of examination and testing on the disputed date of service…the requestor is entitled to $0.00 additional reimbursement for date of service 11/23/20 based on failure to meet its burden of proof to show that additional reimbursement is warranted for the charge in dispute."

Response Submitted By: Corvel

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
November 23, 2020	CPT Code 96116	$0.00	$0.00
	CPT Code 96121	$0.00	$0.00
	CPT Code 96132	$0.00	$0.00
	Cpt Code 96133	$344.22	$0.00
	CPT Code 96136	$0.00	$0.00
	CPT Code 96137	$595.34	$0.00
TOTAL		$939.56	$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code (TAC) §133.307, effective February 22, 2021, sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.203, effective March 1, 2008, sets out the fee guidelines for reimbursement of professional medical services provided in the Texas workers' compensation system.
3. 28 TAC § 127.10, effective November 4, 2018, sets out the Designated Doctor procedures and requirements.
4. The services in dispute were reduced / denied by the respondent with the following claim adjustment reason codes:
   - P13-Payment reduced/denied based on state WC regs/policies.
   - RAI-Medical Unlikely Edit; DOS exceeds MUE value.
   - W3-Appeal/Reconsideration.

Issues

Is the requestor entitled to additional reimbursement for CPT codes 96133 and 96137 rendered on November 23, 2020?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of $939.56 for CPT codes 96133 and 96137 rendered on November 23, 2020.
2. The respondent reduced payment for CPT codes 96133 and 96137 based upon "RAI-Medical Unlikely Edit; DOS exceeds MUE value."

   To determine if the respondent's denial of payment is supported, the DWC refers to the following statute:

   - The fee guideline for disputed services is found at 28 TAC§134.203.
   - 28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."
   - 28 TAC §134.203(b)(1) states, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."
   - 28 TAC §134.203(a)(7) states, "Specific provisions contained in the Texas Labor Code or the Texas Department of Insurance, Division of Workers' Compensation (Division) rules, including this chapter, shall take precedence over any conflicting provision adopted or utilized by CMS in administering the Medicare program. Independent Review Organization (IRO) decisions regarding medical necessity made in accordance with Labor Code §413.031 and §133.308 of this title (relating to MDR by Independent Review Organizations), which are made on a case-by-case basis, take precedence in that case only, over any Division rules and Medicare payment policies."
   - 28 TAC §127.10(c) states in part, "The designated doctor shall perform additional testing when necessary to resolve the issue in question. The designated doctor shall also refer an injured employee to other health care providers when the referral is necessary to resolve the issue in question and the designated doctor is not qualified to fully resolve the issue in question. Any additional testing or referral required for the evaluation is not subject to preauthorization requirements nor shall those services be denied retrospectively based on medical necessity, extent of injury, or compensability in accordance with the Labor Code §408.027 and §413.014, Insurance Code Chapter 1305, or Chapters 10, 19, 133, or 134 of this title (relating to Workers' Compensation Health Care Networks, Agents' Licensing, General Medical Provisions, and Benefits--Guidelines for Medical Services, Charges, and Payments, respectively) but is subject to the requirements of §180.24 of this title (relating to Financial Disclosure).

Medicare developed MUEs to detect potentially medically unnecessary services. These MUEs set a maximum number of units allowed for a specific service on a single date of service. The DWC finds Medicare's MUE payment policy is in direct conflict with 28 TAC §127.10(c) which sets out the designated doctor procedures. The DWC concludes that Rule §127.10 take precedence over Medicare MUEs.

3. On the disputed date of service, the requestor billed CPT codes 96116, 96121, 96132, 96133, 96136, and 96137. These codes are described as:

   - CPT code 96116-"Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, [eg, acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities]), by physician or other qualified health care professional, both face-to-face time with the patient and time interpreting test results and preparing the report; first hour."
   - CPT code 96121-"Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, [eg, acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities]), by physician or other qualified health care professional, both face-to-face time with the patient and time interpreting test results and preparing the report; each additional hour (List separately in addition to code for primary procedure)."
   - CPT code 96132-"Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; first hour."
   - CPT code 96133-"Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; each additional hour (List separately in addition to code for primary procedure)."
   - CPT code 96136-"Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; first 30 minutes."
   - CPT code 96137-"Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; each additional 30 minutes (List separately in addition to code for primary procedure)."

As noted from the code descriptors, code 96133 and 96137 are timed procedures. They are also billed as secondary codes to 96132 and 96136 for additional time.

<u>NCCI Policy Manual</u>, Chapter 11, (M)(2), effective January 1, 2020 states, "The psychiatric diagnostic interview examination (CPT codes 90791, 90792), psychological/neuropsychological testing (CPT codes 96136-96146), and psychological / neuropsychological evaluation services (CPT codes 96130-96133) must be distinct services if reported on the same date of service. CPT Manual instructions permit physicians to integrate other sources of clinical data into the report that is generated for CPT codes 96130-96133. Since the procedures described by CPT codes 96130-96139 are timed procedures, physicians shall not report time for duplicating information (collection or interpretation) included in the psychiatric diagnostic interview examination and/or psychological/neuropsychological evaluation services or test administration and scoring. (CPT codes 96101 and 96118 were deleted January 1, 2019.)

The requestor noted on the <u>Neuropsychological Examination</u> report that the claimant underwent 10 hours of Neuropsychological testing evaluation services; 4 hours of Examinee Interview & Neurobehavioral/Mental Status Exam; and 10 hours of Neuropsychological Testing & Scoring for a total test time of 24 Hours.

The requestor did not bill in accordance with <u>NCCI Policy Manual</u>, Chapter 11, (M)(2), because "procedures described by CPT codes 96130-96139 are timed procedures, physicians shall not report time for duplicating information (collection or interpretation) included in the psychiatric diagnostic interview examination and/or psychological/neuropsychological evaluation services or test administration and scoring." The report does not list the start and end time of time procedure codes 96132, 96133, 96136 and 96137 to support the number of hours billed. The requestor has not supported request for additional reimbursement of code 96133.

Conclusion

For the reasons stated above, the DWC finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the disputed services.
