## Findings and Decision

### Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

### Statutes and Rules

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. Texas Labor Code §408.027 sets out the rules for timely submission of a claim by a health care provider.
3. 28 TAC §102.4 sets out rules to determine when written documentation was sent.
4. 28 TAC §133.20 sets out the health care providers billing procedures.
5. 28 TAC §134.203 sets out the reimbursement guidelines for professional services.

### Denial Reasons

The insurance carrier [reduced or denied] the payment for the disputed services with the following claim adjustment codes:

- 18-Exact duplicate claim/service.
- 306-Billing is a duplicate of other services performed on same day.
- P12-Workers' compensation jurisdictional fee schedule adjustment.
- 29-The time limit for filing has expired.
- 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.

### Issues

1. Is Zurich American Insurance Company's denial based on untimely filing claim supported?
2. Is Dr. Butler entitled to reimbursement?

### Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$200.00 for CPT code 99213 rendered on January 19, 2021.

The respondent denied reimbursement based upon reason code "29." (description listed above).

To determine if the disputed services are eligible for reimbursement the DWC refers to the following statute:

- Texas Labor Code §408.027(a) states, "A health care provider shall submit a claim for payment to the insurance carrier not later than the 95th day after the date on which the health care services are provided to the injured employee. Failure by the health care

provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment.”

- 28 TAC §133.20(b) states, “Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied. The medical bill submitted by the health care provider to the correct workers' compensation insurance carrier is subject to the billing, review, and dispute processes established by Chapter 133, including §133.307(c)(2)(A) - (H) of this title (relating to MDR of Fee Disputes), which establishes the generally acceptable standards for documentation.”
- 28 TAC §133.20(g) states, “Health care providers may correct and resubmit as a new bill an incomplete bill that has been returned by the insurance carrier.”
- 28 TAC §102.4(h), states, “Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on: (1) the date received, if sent by fax, personal delivery or electronic transmission or, (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday.”

Both parties to this dispute submitted documentation for consideration in support of their position. The DWC reviewed all the documentation and finds:

- The date of service in dispute is January 19, 2021.
  - The requestor initially billed CPT code 99214. The respondent denied reimbursement for CPT code 99214 based upon the documentation did not support level of service billed.
  - The requestor changed the code from 99214 to 99213 and submitted the bill on March 8, 2021.
  - Per 28 TAC §133.20(g) the corrected bill is a new bill.
  - CPT code 99213 was denied reimbursement based upon time limit for filing claim had expired.
  - The requestor submitted an EOB from the respondent dated March 25, 2021 for CPT code 99213.
  - March 25, 2021 is within the 95 day deadline set out in Texas Labor Code §408.027(a) and 28 TAC §133.20(b) to submit a claim.
  - The respondent’s denial of payment based upon reason code “29” is not supported.
2. The fee guideline for disputed service is found in 28 TAC §134.203.

28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99213 is described as, "Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low level of medical decision making. When using time for code selection, 20-29 minutes of total time is spent on the date of the encounter."

The division finds the submitted report supports billing code 99213; therefore, reimbursement is recommended per the fee guideline.

28 TAC §134.203(c)(1) states "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83."

28 TAC §134.203(c)(2) states "The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007."

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

- The DWC conversion factor for 2021 is 61.17.
- The Medicare conversion factor for 2021 is 34.8931.
- Review of Box 32 on the CMS-1500 finds that the services were rendered in zip code 75093 which is located in Plano, Texas; therefore, the Medicare locality is "Rest of Texas."
- The carrier code for Texas is 4412 and the locality code for Rest of Texas is 99.
- The Medicare participating amount for CPT code 99213 at this locality is \$89.05.

Using the above formula, the MAR is \$156.11. The respondent paid \$0.00. The difference between MAR and amount paid is \$156.11.

## Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that reimbursement of \$156.11 is due.

## Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is [not] entitled to additional reimbursement for the disputed services. It is ordered that Zurich American Insurance Co must remit to Dr. Leroy Butler \$156.11 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
