## **Findings and Decision**

### <u>Authority</u>

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

#### Statutes and Rules

- 1. 28 Texas Administrative Code (TAC) §133.307 sets out the procedures for resolving medical fee disputes.
- 2. 28 TAC §133.20 sets out the medical bill submission procedures for health care providers.
- 3. 28 TAC §102.4 sets out the rules for non-Commission communications.
- 4. TLC §408.027 sets out the rules for timely submission of claims by health care providers.
- 5. TLC §408.0272 provides for certain exceptions to untimely submission of a medical bill.

### **Denial Reasons**

The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment codes:

- 29 Time limit for filing has expired.
- 193 Original payment decision is being maintained. Upon review it was determined that this claim was processed properly.
- P12 Workers' compensation jurisdictional fee schedule adjustment.

#### Issues

- 1. What is the timely filing deadline applicable to the medical bills for the services in dispute?
- 2. Did the requestor forfeit the right to reimbursement for the services in dispute?

## **Findings**

- 1. The requestor billed for professional medical services rendered on February 5, 2021. The insurance carrier denied the service in dispute with reduction code 29 (description provided above.)
  - 28 TAC §133.20(b) requires that, except as provided in TLC §408.0272, "a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided." No documentation was found to support that any of the exceptions described in TLC §408.0272 apply to the services in this dispute. For that reason, the requestor in this dispute was required to submit the medical bill not-later than 95 days after the date the disputed services were provided.

TLC §408.027(a) states, in pertinent part, that "Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment."

28 TAC §102.4(h) states that "Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on: (1) the date received, if sent by fax, personal delivery, or electronic transmission or, (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday."

2. Review of the submitted information finds insufficient documentation to support that a medical bill was submitted within 95 days from the date the services were provided. Therefore, pursuant to TLC §408.027(a), the requestor has forfeited the right to reimbursement due to untimely submission of the medical bill for the disputed services.

### **Conclusion**

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

The DWC finds the requester has established that reimbursement of \$0.00 is due.

#### Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to reimbursement for the disputed services.
