Email dated March 23, 2022: "Yes, please proceed. We would like to continue with dispute resolution."

Amount in Dispute: \$43.93

Respondent's Position

"Supplemental response will be provided once the bill auditing company has finalized their review."

Response Submitted by: Gallagher Bassett

Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.

Denial Reasons

The insurance carrier reduced the payment for the disputed services with the following claim adjustment codes:

- P12-Workers' compensation jurisdictional fee schedule adjustment.
- 90563, 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
- 5283-Additional allowance is not recommended as this bill was reviewed in accordance with state guidelines, usual and customary policies, provider's contract or car

Issues

1. Is Dr. Mehreen Nadeem entitled to additional reimbursement?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$43.93 for CPT code 99213 rendered on June 29, 2021.

The respondent contends additional reimbursement is not due because payment of \$119.21 was made per the fee guideline.

The fee guidelines for disputed services are found in 28 TAC §134.203.

28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99213 is described as, "Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low level of medical decision making. When using time for code

selection, 20-29 minutes of total time is spent on the date of the encounter.”

The division finds the submitted report supports billing code 99213; therefore, reimbursement is recommended per the fee guideline.

28 TAC §134.203(c)(1) states “To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83.”

28 TAC §134.203(c)(2) states “The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007.”

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

- The DWC conversion factor for 2021 is 61.17.
- The Medicare conversion factor for 2021 is 34.8931.
- The Place of Service is “11” an Office Setting.
- Review of Box 32 on the CMS-1500 finds that the services were rendered in zip code 75043 which is located in Garland, Texas; therefore, the Medicare locality is “Dallas, Texas.”
- The carrier code for Texas is 4412 and the locality code for Dallas is 11.
- The Medicare participating amount for CPT code 99213 at this locality is \$93.06.

Using the above formula, the MAR is \$163.14. The respondent paid \$119.21. The difference between MAR and amount paid is \$43.93.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement of \$43.93 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to additional reimbursement for the disputed services. It is ordered that Ace American Insurance Co. must remit to Dr. Mehreen Nadeem \$43.93 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
