Issues

1. Is William Burns, II, M.D. entitled to additional reimbursement?

Findings

1. Dr. Burns is seeking additional reimbursement for a designated doctor examination to determine maximum medical improvement and impairment rating.

The submitted documentation supports that Dr. Burns performed an evaluation of maximum medical improvement as ordered by DWC. 28 TAC §134.250 (3)(C) states that the maximum allowable reimbursement (MAR) for this examination is \$350.00.

Review of the submitted documentation finds that Dr. Burns performed impairment rating evaluations of the right elbow and the spine with range of motion testing. The rule at 28 TAC §134.250 (4)(C) defines the fees for the calculation of an impairment rating for musculoskeletal body areas. The MAR for the evaluation of the first musculoskeletal body area performed with range of motion is \$300.00. The MAR for the evaluation of subsequent musculoskeletal body areas is \$150.00 each. The total MAR for the determination of impairment rating is \$450.00.

The total allowable reimbursement for the examination in question is \$800.00. The insurance carrier paid \$350.00. An additional reimbursement of \$450.00 is recommended.
