

Medical Fee Dispute Resolution Findings and Decision

General Information

Requestor Name

St Joseph Medical Center

Respondent Name

Berkely Casualty Co

MFDR Tracking Number

M4-22-1090-01

Carrier's Austin Representative

Box Number 19

DWC Date Received

February 4, 2022

Summary of Findings

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
September 3, 2021	Outpatient Procedure	\$2913.49	\$2910.84

Requestor's Position

"This bill remains underpaid after appeal."

Amount in Dispute: \$2913.49

Respondent's Position

"We have escalated the bills in question for manual review to determine if additional monies are owed."

Response submitted by: Gallagher Bassett

Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 TAC §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.403 sets out the fee guidelines for outpatient hospital services.

Denial Reasons

The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment codes:

- 16 – Claim/service lacks information or has submission/billing error(s) which is needed for adjudication
- 97 – Payment adjusted because the benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated
- B20 – Payment adjusted because procedure/service was partially or fully furnished by another provider
- P12 – Workers' compensation jurisdictional fee schedule adjustment

Issues

1. What rule applies for determining reimbursement for the disputed services?
2. Is the requester entitled to additional reimbursement?

Findings

1. DWC Rule 28 TAC §134.403 (d) requires Texas workers' compensation system participants when coding, billing, reporting and reimbursement to apply Medicare payment policies in effect on the date of service.

The Medicare payment policy applicable to the services in dispute is found at www.cms.gov, Claims processing Manual, Chapter 4, Section 10.1.1. Specifically, Payment Status Indicators and Ambulatory Payment Category (APC).

28 TAC 134.403 (f) states in pertinent part the reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the *Federal Register*.

The Medicare facility specific amount is calculated when the APC payment rate is multiplied by 60% to determine the labor portion. This amount is multiplied by the facility wage index for the date of service. The non-labor amount is determined when the APC payment rate is multiplied by 40%. The sum of the labor portion multiplied by the facility wage index and the non-labor portion determines the Medicare specific amount. Review of the submitted medical bill and the applicable fee guidelines referenced above is shown below.

- Procedure code 15004 has status indicator T, for procedures subject to multiple-procedure reduction. The highest paying status T unit is paid at 100%; all others at 50%. This code is paid at 50%.

This code is assigned APC 5053. The OPSS Addendum A rate is \$524.17 multiplied by 60% for an unadjusted labor amount of \$314.50, in turn multiplied by facility wage index 1.0011 for an adjusted labor amount of \$314.85.

The non-labor portion is 40% of the APC rate, or \$209.67.

The sum of the labor and non-labor portions is \$524.52.

The Medicare facility specific amount (including multiple-procedure reduction) is \$262.26 multiplied by 200% for a MAR of \$524.52.

- Procedure code 15240 has status indicator T, for procedures subject to multiple-procedure reduction. The highest paying status T unit is paid at 100%; all others at 50%. This code is paid at 100%.

This code is assigned APC 5054. The OPSS Addendum A rate is \$1,715.36 multiplied by 60% for an unadjusted labor amount of \$1,029.22, in turn multiplied by facility wage index 1.0011 for an adjusted labor amount of \$1,030.35.

The non-labor portion is 40% of the APC rate, or \$686.14.

The sum of the labor and non-labor portions is \$1,716.49.

The Medicare facility specific amount is \$1,716.49 multiplied by 200% for a MAR of \$3,432.98.

2. The total recommended reimbursement for the disputed services is \$3,959.88. The insurance carrier paid \$1,049.04. The amount due is \$2,910.84. This amount is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement \$2,910.84 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to additional reimbursement for the disputed services. It is ordered that Berkley Casualty Co must remit to St Joseph Medical Center \$2,910.84 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
