Issues

1. What is the recommended payment amount for the services in dispute?

2. Is DOCTORS HOSPITAL AT RENAISSANCE entitled to additional reimbursement?

Findings

1. This dispute regards outpatient hospital facility services with payment subject to 28 Texas Administrative Code §134.403, requiring the maximum allowable reimbursement (MAR) to be the Medicare facility specific amount (including outlier payments) applying Medicare Outpatient Prospective Payment System (OPPS) formulas and factors, as published annually in the Federal Register, with modifications set forth in the rules. Medicare OPPS formulas and factors are available from the Centers for Medicare and Medicaid Services at http://www.cms.gov.

   Rule §134.403(f)(1) requires the sum of the Medicare facility specific amount and any outlier payments be multiplied by 200 percent for the facility services in dispute, unless a facility or surgical implant provider requests separate payment of implantables. Separate reimbursement for implants was not requested.

   Medicare assigns an Ambulatory Payment Classification (APC) to OPPS services based on billed procedure codes and supporting documentation. The APC determines the payment rate. Reimbursement for ancillary items and services is packaged with the APC payment. CMS publishes quarterly APC rate updates, available at www.cms.gov.

- Procedure code 36415, billed November 18, 2021, has status indicator Q4, for packaged labs; reimbursement is included with payment for the primary services. Not separately paid unless bill contains only status Q4 HCPCS codes listed in the Clinical Lab Fee Schedule.

- Procedure code 80053, billed November 18, 2021, has status indicator Q4, for packaged labs; reimbursement is included with payment for the primary services. Not separately paid unless bill contains only status Q4 HCPCS codes listed in the Clinical Lab Fee Schedule.

- Procedure code 85027, billed November 18, 2021, has status indicator Q4, for packaged labs; reimbursement is included with payment for the primary services. Not separately paid unless bill contains only status Q4 HCPCS codes listed in the Clinical Lab Fee Schedule.

- Procedure code 85610, billed November 18, 2021, has status indicator Q4, for packaged labs; reimbursement is included with payment for the primary services. Not separately paid unless bill contains only status Q4 HCPCS codes listed in the Clinical Lab Fee Schedule.

- Procedure code 85730, billed November 18, 2021, has status indicator Q4, for packaged labs; reimbursement is included with payment for the primary services. Not separately paid unless bill contains only status Q4 HCPCS codes listed in the Clinical Lab Fee Schedule.

- Procedure code 87635, billed November 18, 2021, has status indicator A, for services paid by fee schedule or payment system other than OPPS. If Medicare pays using other systems, Rule §134.403(h) requires use of the DWC fee guideline applicable to the code on the date provided. Per DWC Professional Fee Guideline, Rule §134.203(e)(1), the facility fee is based on Medicare's Clinical Laboratory fee for this code of $0.00. 125% of this amount is $0.00

- Per Medicare policy, procedure code 49655 may not be reported with another code billed on this same claim. Reimbursement for this is included with payment for the primary procedure. Separate payment is not recommended.

- Procedure code 49655 has status indicator J1, for procedures paid at a comprehensive rate. All covered services on the bill are packaged with the primary "J1" procedure. This code is assigned APC 5362. The OPPS Addendum A rate is $8,907.66. This is multiplied by 60% for an unadjusted labor amount of $5,344.60, in turn multiplied by facility wage index 0.8433 for an adjusted labor amount of $4,507.10. The non-labor portion is 40% of the APC rate, or $3,563.06. The sum of the labor and non-labor portions is $8,070.16. The cost of services does not exceed the threshold for outlier payment. The Medicare facility specific amount is $8,070.16. This is multiplied by 200% for a MAR of $16,140.32.

- Procedure code A9270 has status indicator E1, for excluded or non-covered codes not payable on an outpatient bill. Payment is not recommended.
