Summary of Findings

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
August 17, 2021 through August 31, 2021	99204 and 99214 x 3	\$164.00	\$105.37
Total		\$164.00	\$105.37

Requestor's Position

"According to the labor code and fee guidelines, a fair and reasonable amount was billed. Payments we receive from Sedgwick are below other comparable workers' compensation insurance companies we deal with regularly. We believe the amount billed reflects a reasonable fee for the quality of medical care provided, ensuring injured employees returned to work timely."

Amount in Dispute: \$164.00

Respondent's Position

"Kevin Scully, PA-C provided the treatment at issue in this case. TAC RMP properly reimbursed Integrity Health Clinic at eighty percent of the relevant charges. This was consistent with the applicable fee guideline Medicare payment policies. Therefore, TAC RMP appropriately reimbursed Integrity Health Clinic for the services provided by a physician assistant."

Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code (TAC) §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.203 sets out the fee guideline for professional medical services.

Denial Reasons

The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment codes:

- 252 – The recommended allowance is based on the value for services performed by a licensed non-physician practitioner.
- 309 – The charge for this procedure exceeds the fee schedule allowance.
- P12 – Workers' compensation jurisdictional fee schedule adjustment.
- N600 - Adjusted based on the applicable fee schedule for the region in which the service was rendered.

Issues

Is the Requestor entitled to additional reimbursement?

Findings

1. The requestor seeks additional reimbursement for CPT Codes 99204 rendered on August 27, 2021 and CPT Code 99214 rendered on August 18, 2021, August 25, 2021, and August 31, 2021. The insurance carrier issued a partial payment and denied the remaining charge with the denial reason codes indicated above, (description provided above.)

28 TAC §134.203(b)(1) states, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."

CPT Code 99204 is defined as, "Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making. When using time for code and selection, 45-59 minutes of total time is spent on the date of the encounter."

CPT Code 99214 is defined as "Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making. When using time for code selection, 30-39 minutes of total time is spent on the date of the encounter."

2. The requestor seeks additional reimbursement for office visits, CPT Code 99204 and 99214, rendered by a physician's assistant (PA). The insurance carrier issued a payment in the amount of \$200.00 for CPT Code 99204 and \$152.00 for each CPT Code 99214, which is 80% of the billed amount. The insurance carrier's reduction of payment is based on Medicare's non-physician reimbursement policies. The DWC will now consider if the 80% reduction applies to PA's.

[Sec. 1451.104](#) NONDISCRIMINATORY PAYMENT OR REIMBURSEMENT; EXCEPTION states,

(c) Notwithstanding Subsection (a), a health insurance policy may provide for a different amount of payment or reimbursement for scheduled services or procedures performed by an advanced practice nurse, nurse first assistant, licensed surgical assistant, or physician assistant if the methodology used to compute the amount is the same as the methodology used to compute the amount of payment or reimbursement when the services or procedures are provided by a physician.

28 TAC [§134.203](#) Medical Fee Guideline for Professional Services, states,

(a) (5) "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.

(b) For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following:

(1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules.

28 TAC §134.203 states in pertinent part, "(c) To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32. (2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year..."

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = Maximum Allowable Reimbursement (MAR).

- The 2021 DWC Conversion Factor is 61.17
- The 2021 Medicare Conversion Factor is 34.8931
- Per the medical bills, the services were rendered in Tyler, TX; therefore, the Medicare locality is "Rest of Texas."

The Medicare Participating amount for CPT code(s) 99204 at this locality is \$163.39.

- 80% of the CMS Fee Schedule = Medicare Participating amount of \$130.71.
- Using the above formula, the DWC finds the MAR is \$229.14.
- The respondent paid \$200.00.
- Reimbursement of \$29.14 is therefore recommended.

The Medicare Participating amount for CPT code(s) 99214 at this locality is \$126.50.

- 80 of the CMS Fee Schedule = Medicare Participating amount of \$101.20.
- Using the above formula, the DWC finds the MAR is \$177.41.
- The respondent paid \$152.00 for each date of service.
- Reimbursement of \$25.41 x 3 = total recommended amount of \$76.23.

3. The DWC finds that the requestor is therefore entitled to an additional payment of \$105.37. This amount is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

The DWC finds the requester has established that reimbursement of \$105.37 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to additional reimbursement for the disputed services. It is ordered that the Respondent must remit to the Requestor \$105.37 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
