Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.235 sets out the fee guidelines for examinations to determine the extent of the compensable injury.
3. 28 TAC §134.250 sets out the fee guidelines for maximum medical improvement and impairment rating.

Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- 4271 – Per TX Labor Code Sec. 408.027, providers must submit bills to payors within 95 days of the date of service.
- 29 – The time limit for filing claim/bill has expired.

Issues

1. Is Stephanie M. Janiak, D.C. entitled to reimbursement for the services in question?

Findings

1. Dr. Janiak is seeking reimbursement for a designated doctor examination performed on August 6, 2021.

With few exceptions, 28 TAC §133.20 (b) requires submission of medical bills not later than 95 days from the date of service. TLC §408.0272 (b) provided the exceptions to this requirement, which include:

- The health care provider filed the bill by mistake to
 - an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured

- a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or
- a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title; or
- the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider.

TLC §408.0272 (d) also states that the period for submitting a claim for payment may be extended by agreement of the parties.

No evidence was received to support that Dr. Janiak submitted the initial medical bill to the insurance carrier within 95 days of the date of service. DWC also finds that the documentation received for this dispute was insufficient to support that one of the allowed exceptions applied to the bill in question, or that an agreement had been reached with the insurance carrier to extend the time limit for filing.

DWC cannot recommend reimbursement for the examination in question.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requestor has not established that additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
