Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of medical bills.
2. 28 TAC §133.307 sets out the procedures for resolving medical fee disputes.
3. 28 TAC §134.203 sets out the fee guidelines for professional services.
4. 28 TAC §134.235 sets out the fee guidelines for examinations to determine the extent of a compensable injury.

Denial Reasons

Neither party submitted an explanation of benefits with reasons for the denial of payment for the disputed services.

Issues

1. Did VIA Metropolitan Transit take final action on the bill for the disputed service before medical fee dispute resolution was requested?
2. Is Linda Gregory, D.O. entitled to additional reimbursement?

Findings

1. Dr. Gregory is seeking reimbursement for a designated doctor examination to determine the extent of a compensable injury.

Dr. Gregory argued that it had not received payment or an explanation of denial for medical bills submitted for the examination in question.

Per 28 TAC §133.240 (a), the insurance carrier is required to take final action by paying, reducing, or denying the service in question not later than 45 days after receiving the medical bill. This deadline is not extended by a request for additional information.

The greater weight of evidence presented to DWC supports that a complete bill for the services in question was received by the insurance carrier or its agent. No evidence was provided to support that the insurance carrier took final action on the bill for the service in

question.

2. Because VIA Metropolitan Transit failed to provide a defense of non-payment for the services in question, Dr. Gregory is entitled to reimbursement.

The submitted documentation indicates that Dr. Gregory performed an examination to determine the extent of the compensable injury. According to 28 TAC §134.235, the MAR for this examination is \$500.00.

The rules at 28 TAC §134.210 explain that an examination by a designated doctor to determine the extent of a compensable injury, represented by CPT code 99456 with modifiers "W6" and "RE," is a division-specific service not subject to Medicare billing rules. If the examining doctor determines that additional testing is required to make a determination, 28 TAC §134.235 requires that the testing be billed using the appropriate CPT codes and reimbursed in addition to the examination fee.

Documentation submitted to DWC supports that Dr. Gregory performed range of motion testing for the lumbar spine. Range of motion testing, represented by CPT code 95851, was billed at one unit. DWC finds that Dr. Gregory is entitled to reimbursement of this service.

As stated in 28 TAC §134.203 (b) and (c), reimbursement for the services in question are based on Medicare policies using the conversion factor determined by DWC for the appropriate year. The conversion factor for 2021 is \$62.46. Therefore, the MAR is \$39.92.

The total allowable amount for the services in question is \$539.92. This amount is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement \$539.92 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to additional reimbursement for the disputed services. It is ordered that VIA Metropolitan Transit must remit to Linda Gregory, D.O. \$539.92 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
