Respondent's Position

The Austin carrier representative for Midwest Insurance Group is Flahive, Ogden & Latson. The representative was notified of this medical fee dispute on May 10, 2022.

Per 28 Texas Administrative Code §133.307 (d)(1), if the DWC does not receive the response within 14 calendar days of the dispute notification, then the DWC may base its decision on the available information.

As of today, no response has been received from the insurance carrier or its representative. We will base this decision on the information available.

Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of a medical bill.
2. 28 TAC §133.307 sets out the procedures for resolving medical fee disputes.
3. 28 TAC §134.235 sets out the fee guidelines for examinations to determine the extent of injury and when an injured employee can return to work.
4. 28 TAC §134.250 sets out the fee guidelines for examinations to determine maximum medical improvement and impairment rating.

Denial Reasons

Neither party submitted an explanation of benefits with reasons for the denial of payment for the disputed services.

Issues

1. Did Midwest Insurance Group take final action on the bill for the disputed service before medical fee dispute resolution was requested?
2. Is Thomas Pfeil, Jr., M.D. entitled to reimbursement for the examination in question?

Findings

1. Dr. Pfeil is seeking reimbursement for a designated doctor examination performed on December 9, 2021.

Dr. Pfeil argued that he had not received payment or an explanation of denial for medical bills submitted for the examination in question.

Per 28 TAC §133.240(a), the insurance carrier is required to take final action by paying, reducing, or denying the service in question not later than 45 days after receiving the medical

bill. This deadline is not extended by a request for additional information.

The greater weight of evidence presented to DWC supports that a complete bill for the services in question was received by the insurance carrier or its agent. No evidence was provided to support that the insurance carrier took final action on the bill for the service in question.

2. Because the insurance carrier failed to provide any defense for non-payment of the examination in question, Dr. Pfeil is entitled to reimbursement.

The submitted documentation supports that Dr. Pfeil performed an evaluation of maximum medical improvement as ordered by DWC. 28 TAC §134.250(3)(C) states that the maximum allowable reimbursement (MAR) for this examination is \$350.00.

Review of the submitted documentation finds that Dr. Pfeil performed impairment rating evaluations of the lumbar spine and left elbow with range of motion testing. The rule at 28 TAC §134.250(4)(C) defines the fees for the calculation of an impairment rating for musculoskeletal body areas. The MAR for the evaluation of the first musculoskeletal body area performed with range of motion is \$300.00. The MAR for the evaluation of subsequent musculoskeletal body areas is \$150.00 each. The total MAR for the determination of impairment rating is \$450.00.

The submitted documentation indicates that Dr. Pfeil was ordered to address maximum medical improvement, impairment rating, and extent of injury. The narrative report and enclosed forms support that these evaluations were performed, and two additional impairment ratings were provided. When multiple impairment ratings are required as a component of a designated doctor examination, 28 TAC §134.250(4)(B) states that the designated doctor shall be reimbursed \$50.00 for each additional impairment rating calculation. Therefore, the correct MAR for this service is \$100.00.

The submitted documentation indicates that Dr. Pfeil performed examinations to determine the extent of injury and ability to return to work. According to 28 TAC §134.235, the MAR for such examinations is \$500.00. Rules for multiple examinations of this type are found at 28 TAC §134.240(2). Not including maximum medical improvement and impairment rating, when multiple examinations of this type are required, the first examination is reimbursed at 100% of MAR. The second examination is reimbursed at 50%. For this dispute, the MAR for the examination to determine extent of injury is \$500.00. The examination to determine the ability to return to work is \$250.00.

The total allowable for the examination in question is \$1,650.00. This amount is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement of \$1,650.00 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to additional reimbursement for the disputed services. It is ordered that Midwest Insurance Group must remit to Thomas Pfeil, Jr., M.D. \$1,650.00 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
