Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 TAC §133.307 sets out the procedures for resolving medical fee disputes.

2. 28 TAC §134.403 sets out the fee guidelines for outpatient hospital services.

Denial Reasons

The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment codes:

- P12 – Workers' compensation jurisdictional fee schedule adjustment.

Issues

1. What rule applies for determining reimbursement for the disputed services?

Findings

1. The requestor is seeking additional reimbursement for implants provided as part of an outpatient hospital surgery.

   DWC Rule 28 TAC §134.403 (g) (1) states A facility or surgical implant provider billing separately for an implantable shall include with the billing a certification that the amount billed represents the actual cost (net amount, exclusive of rebates and discounts) for the implantable. The certification shall include the following sentence: "I hereby certify under penalty of law that the following is the true and correct actual cost to the best of my knowledge."

   Review of the submitted documentation found insufficient evidence to support the required certification was included with this request for MFDR.

   No additional payment is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
