Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.20 sets out requirements of medical bill submission.
3. Texas Labor Code 408.0272 sets out the workers compensation timely billing and exceptions guidelines.

Denial Reasons

The insurance carrier denied the payment for the disputed service with the following claim adjustment codes:

- 29 – The time limit for filing has expired
- P12 – Workers' compensation jurisdictional fee schedule adjustment.

Issues

1. Did the requestor support timely submission of medical claim?

Findings

1. The requestor is seeking reimbursement of outpatient hospital services rendered in September 2021. The insurance carrier denied the medical bill as timely filing of the medical bill of 95 days from the date of service was not met.

Review of the submitted documentation found a medical bill was created on February 7, 2022 and processed by the insurance carrier on March 11, 2022.

DWC Rule 28 TAC §133.20 (b) states in pertinent part, (b) Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided.

Texas Labor Code 408.0272. (b) states in pertinent part,

(b) Notwithstanding Section 408.0272, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.0272(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if:

- (1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with:
 - (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured;
 - (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or
 - (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title;
- (2) the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider.

The requestor did not submit sufficient proof that the original medical bill submission in February 2022 was the result of one of the exceptions listed above. No payment is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
