Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 TAC §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.404 sets out the acute care hospital fee guideline for inpatient services.

Denial Reasons

The insurance carrier reduced the payment for the disputed services with the following claim adjustment codes:

- 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly
- P12 – Workers' compensation jurisdictional fee schedule adjustment
- 5969 – CV Processor ready to resolve rules
- 4896 – Payment made per Medicare's IPPS methodology, with applicable state markup

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. Is the requestor entitled to additional payment?

Findings

1. This dispute regards inpatient hospital facility services with payment subject to 28 TAC §134.404(f), requiring the maximum allowable reimbursement (MAR) to be the Medicare facility specific amount (including outlier payments) applying Medicare Inpatient Prospective Payment System (IPPS) formulas and factors, as published annually in the Federal Register, with modifications set forth in the rules. Medicare IPPS formulas and factors are available from the Centers for Medicare and Medicaid Services at <http://www.cms.gov>.

The division calculates the Medicare facility specific amount using Medicare's *Inpatient PPS PC Pricer* as a tool to efficiently identify and apply IPPS formulas and factors. This software is freely available from www.cms.gov.

Separate reimbursement for implants was not requested. 28 TAC §134.404(f)(1)(A) requires that the Medicare facility specific amount be multiplied by 143%.

Review of the submitted medical bill and supporting documentation finds the assigned DRG code to be 948. The service location is Fort Worth, Texas. Based on DRG code, service location, and bill-specific information, the Medicare facility specific amount is \$6,369.45. This amount

multiplied by 143% results in a MAR of \$9,108.31.

- 2. The total recommended payment for the services in dispute is \$9,103.31. The insurance carrier paid \$7,186.14. Additional payment of \$1,922.17 is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement of \$1,922.17 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to additional reimbursement for the disputed services. It is ordered that Texas Health Southwest must remit to XL Insurance America Inc \$1,922.17 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
