Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 TAC §134.20 sets out requirements of medical bill submission.
3. Texas Labor Code 408.0272 sets out the workers compensation timely billing and exceptions guidelines.

Denial Reasons

The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment codes:

- 29 – The time limit for filing has expired
- 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly
- 928 – HCP must submit documentation to support exception to timely filing of bill (408.0272). Notification of erroneous submission not included.

Issues

1. Did the requestor support timely submission of medical claim?

Findings

1. The requestor is seeking reimbursement of professional medical services rendered on February 19, 2022. The insurance carrier denied stating the time limit for filing has expired.

DWC Rule 28 TAC §133.20 (b) states in pertinent part,

(b) Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided.

Texas Labor Code 408.0272. (b) states in pertinent part,

(b) Notwithstanding Section 408.0272, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.0272(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if:

(1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with:

- (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured;
- (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or
- (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title;

(2) the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider.

Review of the submitted documentation found insufficient evidence to support the timely submission of the medical claim or that an exception to timely filing requirement was present.

No payment is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
