Respondent's Position

"This claim is in the WorkWell, TX network. Texas Mutual has reviewed the network provider directory for the provider's name and tax identification number... and confirmed no record of METHODIST DALLAS MEDICAL CENTER as a participant. As an out-of-network provider, approval is required before rendering service or treatment. Texas Mutual did not receive or find any evidence of out-of-network approval obtained by the requestor. Since this fee reimbursement dispute involves a network requirement under the Insurance Code rather than the Labor Code, Texas Mutual believes this dispute is outside the jurisdiction of DWC MDR. Our position is that no payment is due."

Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code (TAC) §[133.307](#) sets out the procedures for resolving medical fee disputes.
2. Texas Insurance Code (TIC) [Chapter 1305](#) governs workers' compensation health care networks.

Denial Reason(s)

The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment code(s):

- D27 – Provider not approved to treat WorkWell, TX Network Claimant.
- DC7 & 18 – Duplicate appeal. Network contract applied by WorkWell, TX network.
- 350& W3 – Bill has been identified as a request for reconsideration or appeal.
- 243 – Services not authorized by network/primary care providers.

Issues

1. Are the disputed services out-of-network health care?
2. Under what conditions is the insurance carrier liable for out-of-network healthcare?
3. Is the insurance carrier liable for the disputed services?

Findings

1. The requestor, Methodist Health System, submitted medical fee dispute M4-23-1837-01 to the division for resolution according to 28 TAC §133.307. The dispute concerns facility charges provided by the requestor on September 15, 2022. Per the submitted documentation and from information known to the division, the injured employee's claim is within the WorkWell, TX healthcare certified network. The requestor is not within the WorkWell network, as a result, the requestor provided out-of-network health care to the injured employee.
2. The requestor submitted the dispute requesting reimbursement for the disputed services as governed by the Texas Labor Code(TLC) legislation and rules, including 28 TAC §133.307. The requirements mentioned in the relevant sections of the TIC, Chapter 1305, are applicable to the DWC's ability to apply the TLC legislation and DWC rules for out-of-network health care. TIC §1305.153 (c) provides that "Out-of-network providers who provide care as described by §1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation."

TIC §1305.006 titled *INSURANCE CARRIER LIABILITY FOR OUT-OF-NETWORK HEALTH CARE*, states, "An insurance carrier that establishes or contracts with a network is liable for the following out-of-network healthcare that is provided to an injured employee:

- (1) Emergency Care;
- (2) health care provided to an injured employee who does not live within the service area

of any network established by the insurance carrier or with which the insurance carrier has a contract; and

(3) health care provided by an out-of-network provider pursuant to a referral from the injured employee's treating doctor that has been approved by the network pursuant to §1305.103."

3. The requestor therefore has the burden to prove that the condition(s) outlined in the TIC §1305.006 were met for the insurance carrier to be liable for the disputed services. The requestor has submitted insufficient documentation to prove that any of the conditions outlined in TIC §1305.006 applied to the disputed services.

DWC concludes that the requestor failed to demonstrate that any of the conditions of TIC §1305.006 were met in this dispute, As a result, DWC finds that the insurance carrier is not liable for the out-of-network care in dispute.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered. The Division concludes that the insurance carrier is not liable for the disputed services.

Order

Based on the submitted information, pursuant to Texas Labor Code 413.031, the DWC hereby determines the requestor is entitled to \$0.00 reimbursement for the services in dispute.
