- 29 – The time limit for filing claim/bill has expired

## Issues

1. Did the requestor waive the right to medical fee dispute resolution?

## Findings

1. 28 Texas Administrative Code §133.307(c)(1) states:

Timeliness. A requestor must timely file the request with the division or waive the right to MFDR. The division will deem a request to be filed on the date the division receives the request. A decision by the division that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section.

(A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.

The date of the services in dispute is January 26, 2022. The request for medical fee dispute resolution was received on April 10, 2023. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307(c)(1)(B). The Division concludes that the requestor has failed to timely file this dispute; consequently, the requestor has waived the right to medical fee dispute resolution.

## Conclusion

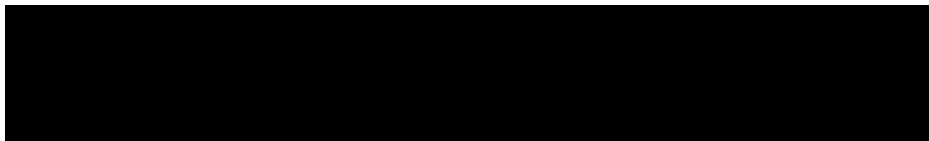

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds that no additional reimbursement is due.

## Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
