Respondent's Position

"The carrier currently stands on its position identified in the EORs, which is that the medical bill was not timely submitted pursuant to section 408.027 of the Texas Labor Code. However, the carrier is aware that there is an exception to the 95 day rule which is at section 408.0272. But the question is whether the provider has brought itself within that exception. The carrier does not currently have the answer to that question."

Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code ([TAC](#)) [§133.307](#) sets out the procedures for resolving medical fee disputes.

Denial Reasons

The insurance carrier [reduced or denied] the payment for the disputed services with the following claim adjustment codes:

- 1014 – The attached billing has been re-evaluated at the request of the provider. Based on this re-evaluation we find our original review to be correct. Therefore, no additional allowance appears to be warranted
- 2005 – No additional reimbursement allowed after review of appeal/reconsideration
- 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly
- 29 – The time limit for filing has expired
- W3 – Bill is a reconsideration or appeal
- QA – Other adjustment

Issues

1. Did the requestor waive the right to medical fee dispute resolution?

Findings

1. 28 Texas Administrative Code §133.307(c)(1) states:

Timeliness. A requestor must timely file the request with the division or waive the right to MFDR. The division will deem a request to be filed on the date the division receives the request. A decision by the division that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section.

(A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.

The date of the services in dispute is March 4, 2022. The request for medical fee dispute resolution was received on May 08, 2023. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307(c)(1)(B). The Division concludes that the requestor has failed to timely file this dispute; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds that no additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
