### Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- 4896 – Payment made per Medicare's IPPS methodology with the applicable state markup
- P12 – Workers' Compensation Jurisdictional Fee Schedule adjustment
- N600 – Adjusted based on the applicable fee schedule for the region in which the service was rendered

### Issues

1. Did the requestor waive the right to medical fee dispute resolution?

### Findings

1. 28 Texas Administrative Code §133.307(c)(1) states:

Timeliness. A requestor must timely file the request with the division or waive the right to MFDR. The division will deem a request to be filed on the date the division receives the request. A decision by the division that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section.

(A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.

The date of the services in dispute is March 8, 2022 to March 17, 2022. The request for medical fee dispute resolution was received on May 25, 2023. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307(c)(1)(B). The Division concludes that the requestor has failed to timely file this dispute; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds that no additional reimbursement is due.

**Order**

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to additional reimbursement for the disputed services.
