Summary of Findings

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
05/24/2023	97750-FC	\$487.47	\$0.00

Requestor's Position

"We received an EOB and payment on June 23, 2023, in the amount of \$762.53. This is a non-network claim, so the reimbursement should be more reflective of the MAR calculation as shown in the TAC medical fee guidelines... It is our position that the carrier has reduced payment for the above listed Date of Service provided inappropriately, and is responsible for the \$487.47 still owed for the Functional Capacity Evaluation."

Amount in Dispute: \$487.47

Respondent's Position

"Please see the EOBs included in with Requestor's DWC-60. The Carrier has paid a total of \$762.53 for the FCE per the fee guidelines. In conclusion, Requestor is not owed any additional reimbursement for the FCE as the proper amount was paid per the fee guidelines."

Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code ([TAC](#)) [§133.307](#) sets out the procedures for resolving medical fee disputes.
2. [28 TAC §134.203](#) sets out the fee guideline for professional medical services.
3. [28 TAC §134.210](#) applied to fee guidelines for division-specific services.
4. [28 TAC §134.225](#) sets the reimbursement guidelines for FCEs.

Adjustment Reasons

The insurance carrier reduced the payment for the disputed services with the following claim adjustment codes:

- 163 - THE CHARGE FOR THIS PROCEDURE EXCEEDS THE UNIT VALUE AND/OR THE MULTIPLE PROCEDURE RULES.
- 2008 - ADDITIONAL PAYMENT MADE ON APPEAL/RECONSIDERATION.
- 119 – BENEFIT MAXIMUM FOR THIS TIME PERIOD OR OCCURRENCE HAS BEEN REACHED.
- P12 - WORKERS' COMPENSATION JURISDICTIONAL FEE SCHEDULE ADJUSTMENT.
- W3 - BILL IS A RECONSIDERATION OR APPEAL.
- 6060 - Based on additional information from the claim's examiner, we are recommending further payment be made for the above noted procedure code/codes.

Issues

1. Is the insurance carrier's payment reduction reason supported?
2. Is the requestor entitled to additional reimbursement for 97750-FC rendered on May 24, 2023?

Findings

1. The requestor billed \$1,250.00 for 16 units of a functional capacity evaluation (FCE) rendered on date of service May 24, 2023, using CPT code 97750-FC. The insurance carrier issued a payment in the amount of \$762.53 and reduced the remaining charge based on reason code 163, defined above.

28 TAC §134.225 states: "The following applies to functional capacity evaluations (FCEs) ... FCEs shall be billed using CPT code 97750 with modifier 'FC.' FCEs shall be reimbursed in accordance with §134.203(c)(1) of this title."

Per 28 TAC §134.203 (b)(1), parties are required to apply Medicare payment policies, including its coding, billing, correct coding initiatives (CCI) edits, modifiers, and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules to workers' compensation coding, billing, reporting, and reimbursement of professional medical services.

28 TAC §§134.203 (a)(7) and 134.210 (a) state that specific provisions contained in the Texas

Labor Code or division rules shall take precedence over any conflicting provision adopted or utilized by CMS in administering the Medicare program. However, no such conflict regarding billing or reimbursement was found that applies to a division-specific functional capacity evaluation. Therefore, Medicare reimbursement rules are applied to the examination in question.

Per [Medicare Claims Processing Manual \(cms.gov\)](#), Chapter 5, 10.7, effective February 6, 2019:

Medicare applies a multiple procedure payment reduction (MPPR) to the practice expense (PE) payment of select therapy services. The reduction applies to the HCPCS codes contained on the list of "always therapy" services ...

Many therapy services are time-based codes, i.e., multiple units may be billed for a single procedure ...

Full payment is made for the unit or procedure with the highest PE payment ... For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, full payment is made for work and malpractice and 50 percent payment is made for the PE for services submitted on either professional or institutional claims.

Procedure code 97750 is classified as "always therapy" in the 2022 Therapy Code List and Dispositions found in the [Annual Therapy Update | CMS](#). Therefore, the MPPR applies to the reimbursement of this code.

The division finds that the insurance carrier's reimbursement reduction reason is supported.

2. On the disputed date of service, the requestor billed CPT code 97550-FC X 16 units and seeks additional reimbursement in the amount of \$487.47.

As described above, the MPPR rule applies to the disputed service.

The MPPR Rate File that contains the payments for 2023 services is found at www.cms.gov/Medicare/Billing/TherapyServices/index.html.

To determine the maximum allowable reimbursement (MAR) the following formula is used:
(DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = MAR.

- MPPR rates are published by carrier and locality.
- The disputed date of service is May 24, 2023.
- The disputed service was rendered in zip code 78539, locality 99, "Rest of TX".
- The Medicare participating amount for CPT code 97750 at this locality in 2023 is \$33.21 for the first unit, and \$24.36 for subsequent units.
- The 2023 DWC Conversion Factor is 64.83
- The 2023 Medicare Conversion Factor is 33.8872
- Using the above formula, the DWC finds the MAR for the first unit is \$63.53 and \$46.60 for each subsequent 15 units.
- The MAR for 16 units of 97750-FC in locality 99 in 2023 = \$762.58.
- The respondent paid \$762.53.
- No additional reimbursement is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

The division finds that the requestor has not established that additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to \$0.00 additional reimbursement for the disputed service.
