They did submit a copy of their reconsideration that states, "Occasionally circumstances beyond the control of our organization occur and in this case, initial claim was sent to BCBS on 3/5/22. Once our office received updated insurance information on 10/21/22. Claim was sent to *I* on 10/25/22."

Respondent's Position

"We are requesting the Division dismiss the Medical Dispute Request related to this date of service because the requestor did not file the Medical Dispute in time. . . Because the requestor failed to file a timely request for dates of service 03/01/22, the requestor waived the right to have the Division adjudicate the dispute. See Division Rule 133.307(c) (Requestor shall timely file a request with the Division 'or waive the right' to do so.) Therefore, the Division does not have jurisdiction over the dispute, and it should dismiss the request for dispute resolution."

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.307](#) sets out the procedures for resolving medical fee disputes.

Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- 29 – The time limit for filing has expired.

Issues

1. Did the requestor waive the right to medical fee dispute resolution?

Findings

1. The requestor is seeking payment for outpatient hospital services rendered in March of 2022. The insurance carrier denied the disputed services as not submitted timely.

DWC Rule 28 TAC §133.307(c)(1) states:

"Timeliness. A requestor shall timely file with the Division's MDR Section or waive the right to MDR. The Division shall deem a request to be filed on the date the division receives the request.

- (A) A request for medical fee dispute resolution that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.
- (B) A request may be filed later than one year after the date(s) of service if:
 - (i) a related compensability, extent of injury, or liability dispute under Labor Code Chapter 410 has been filed, the medical fee dispute shall be filed not later than 60 days after the date the requestor receives the final decision, inclusive of all appeals, on compensability, extent of injury, or liability;
 - (ii) a medical dispute regarding medical necessity has been filed, the medical fee dispute must be filed not later than 60 days after the date the requestor received the final decision on medical necessity, inclusive of all appeals, related to the health care in dispute and for which the insurance carrier previously denied payment based on medical necessity; or
 - (iii) the dispute relates to a refund notice issued pursuant to a division audit or review, the medical fee dispute must be filed not later than 60 days after the date of the receipt of a refund notice.

The date of the service in dispute is March 1, 2022. The request for medical fee dispute resolution was received at the Division on August 18, 2023. This date is over one year from the date of service.

Review of the submitted documentation found insufficient evidence to support an exception as detailed above. The requestor has waived their right to MFDR.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requestor has not established that reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to \$0.00 reimbursement for the disputed services.
