### Requestor's Position

The requestor did not submit a position statement with this request for reconsideration. They did submit a copy of their reconsideration that states, "Occasionally circumstances beyond the control of our organization occur and in this case, insurance was received 6/2/22 but the claim wasn't sent to WORKERS COMP until 9/16/22."

**Amount in Dispute:** \$1065.94

### Respondent's Position

"It is the Respondent's belief that the Requestor did not submit documentation to support proof of timely filing. By their own admission, the Requestor received notice of WC insurance on 6/2/2022, but did not send the bill in until 9/26/2023. Given that the HCP never forwarded valid proof of timely filing to the carrier, and there was no violation of the Workers' Compensation Act or division rules, along with the not submitting the request for MFDR timely, CorVel respectfully request the division issue a decision indicating the requestor is entitled to \$0.00 reimbursement

for date of service 05/20/2022 in the amount of \$17,809.00 based on the division rules referenced herein and final action rendered.”

## **Findings and Decision**

### Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers’ Compensation (DWC).

### Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.307](#) sets out the procedures for resolving medical fee disputes.

### Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- 29 – Time limit for filing claim/bill has expired.
- RM2 – Time limit for filing claim has expired

### Issues

1. Did the requestor waive the right to medical fee dispute resolution?

### Findings

1. The requestor is seeking payment for outpatient hospital services rendered in May of 2022. The insurance carrier denied the disputed services as not submitted timely.  
DWC Rule 28 TAC §133.307(c)(1) states:  
"Timeliness. A requestor shall timely file with the Division's MDR Section or waive the right to MDR. The Division shall deem a request to be filed on the date the division receives the request.  
(A) A request for medical fee dispute resolution that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.  
(B) A request may be filed later than one year after the date(s) of service if:  
(i) a related compensability, extent of injury, or liability dispute under Labor Code Chapter 410 has been filed, the medical fee dispute shall be filed not later than 60 days after the date the requestor receives the final decision, inclusive of all appeals, on compensability, extent of injury, or liability;

- (ii) a medical dispute regarding medical necessity has been filed, the medical fee dispute must be filed not later than 60 days after the date the requestor received the final decision on medical necessity, inclusive of all appeals, related to the health care in dispute and for which the insurance carrier previously denied payment based on medical necessity; or
- (iii) the dispute relates to a refund notice issued pursuant to a division audit or review, the medical fee dispute must be filed not later than 60 days after the date of the receipt of a refund notice.

The date of the service in dispute is May 30, 2022. The request for medical dispute resolution was received at the Division on August 14, 2023. This date is greater than one year from the date of service.

Review of the submitted documentation found insufficient evidence to support an exception as detailed above. The requestor has waived their right to MFDR.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that reimbursement is due.

**Order**

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to \$0.00 reimbursement for the disputed services.
