Requestor's Position

The requestor did not submit a position statement but submitted a copy of their reconsideration that states, "We did not receive accurate insurance information at the time of service from your member and recently learned that you are the correct payor. The facility made a good faith attempt to file our claim for medically necessary services within the specified timeframe. Based on the extenuating circumstances outlined below, we have established sufficient cause for you to reverse your denial for untimely filing and pay the referenced claim(s) at this time."

Amount in Dispute: \$1,097.16

Respondent's Position

"One year from disputed date of service 3/5/2022 would be 3/5/2023. The TDI/DWC date stamp lists the received date as 9/21/2023 on the requestor's DWC-60 packet, a date greater than one year. The requestor has waived its right to DWC MDR. Our position is that no payment is due."

Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.307](#) sets out the procedures for resolving medical fee disputes.

Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- CAC 29 – The time limit for filing has expired.
- 731 – Per 133.20(B) provider shall not submit a medical bill later than the 95th day after the date the service.

Issues

1. Did the requestor waive the right to medical fee dispute resolution?

Findings

1. The requestor seeks payment for outpatient hospital services rendered in March of 2022. The insurance carrier denied the disputed services as not submitted timely.

DWC Rule 28 TAC §133.307(c)(1) states:

"Timeliness. A requestor shall timely file with the Division's MDR Section or waive the right to MDR. The Division shall deem a request to be filed on the date the division receives the request.

(A) A request for medical fee dispute resolution that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.

(B) A request may be filed later than one year after the date(s) of service if:

(i) a related compensability, extent of injury, or liability dispute under Labor Code Chapter 410 has been filed, the medical fee dispute shall be filed not later than 60 days after the date the requestor receives the final decision, inclusive of all appeals, on compensability, extent of injury, or liability;

(ii) a medical dispute regarding medical necessity has been filed, the medical fee dispute must be filed not later than 60 days after the date the requestor received the final decision on medical necessity, inclusive of all appeals, related to the health care in dispute and for which the insurance carrier previously denied payment based on medical necessity; or

(iii) the dispute relates to a refund notice issued pursuant to a division audit or review, the medical fee dispute must be filed not later than 60 days after the date of the receipt of a refund notice.

The date of the service in dispute is March 5, 2022. The request for medical fee dispute resolution (MFDR) was received at the Division on September 21, 2023.

Review of the submitted documentation found insufficient evidence to support an exception as detailed above. The requestor has waived their right to MFDR.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requestor has not established that reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to \$0.00 reimbursement for the disputed services.
