Under the provisions of Section 413.031 of the Texas Workers' Compensation Act, Title 5, Subtitle A of the Texas Labor Code, effective June 17, 2001 and Commission Rule 133.305 titled Medical Dispute Resolution - General and 133.308 titled Medical Dispute Resolution by Independent Review Organizations, the Medical Review Division assigned an IRO to conduct a review of the disputed medical necessity issues between the requestor and the respondent. The dispute was received on 7-1-04.

The Medical Review Division has reviewed the IRO decision and determined that **the requestor prevailed** on the issues of medical necessity. Therefore, upon receipt of this Order and in accordance with §133.308(r)(9), the Commission hereby orders the respondent and non-prevailing party to **refund the requestor \$460** for the paid IRO fee. For the purposes of determining compliance with the order, the Commission will add 20 days to the date the order was deemed received as outlined on page one of this order.

In accordance with §413.031(e), it is a defense for the carrier if the carrier timely complies with the IRO decision.

Based on review of the disputed issues within the request, the Medical Review Division has determined that **medical necessity was the only issue** to be resolved. The electrical stimulation, ultrasound therapy, chiropractic manipulative therapy, electrical stimulation (other than wound) and massage therapy on 8-28-03 and 1-22-04 were found to be medically necessary. The respondent raised no other reasons for denying reimbursement for the above listed services.

On this basis, and pursuant to §§402.042, 413.016, 413.031, and 413.019 of the Act, the Medical Review Division hereby ORDERS the respondent to pay the unpaid medical fees in accordance with the fair and reasonable rate as set forth in Commission Rule 133.1(a)(8) plus all accrued interest due at the time of payment to the requestor within 20 days of receipt of this order. This Order is applicable to dates of service 8-28-03 and 1-22-04 in this dispute.

The respondent is prohibited from asserting additional denial reasons relative to this Decision upon issuing payment to the requestor in accordance with this Order (Rule 133.307(j)(2)).

This Order is hereby issued this 27<sup>th</sup> day of August 2004.

Ziroc has been certified by the Texas Department of Insurance as an Independent Review Organization. The Texas Worker's Compensation Commission has assigned this case to Ziroc for independent review in accordance with TWCC Rule 133.308 which allows for medical dispute resolution by an IRO.

Ziroc has performed an independent review of the care rendered to determine if the adverse determination was appropriate. In performing this review, all relevant medical records and documentation utilized to make the adverse determination, along with any documentation and written information submitted, was reviewed.

The independent review was performed by a matched peer with the treating doctor. This case was reviewed by a licensed Doctor of Chiropractic. The reviewer is on the TWCC Approved Doctor List (ADL). The Ziroc health care professional has signed a certification statement stating that no known conflicts of interest exist between the reviewer and any of the treating doctors or providers or any of the doctors or providers who reviewed the case for a determination prior to the referral to Ziroc for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to the dispute.

#### CLINICAL HISTORY

\_\_\_ initially injured her low back in a lifting injury on \_\_\_. The patient had surgery to her lower back on 03/08/02. The patient was found to be at MMI on 07/19/01 with a 7% whole person impairment.

#### DISPUTED SERVICES

Under dispute is the medical necessity of electrical stimulation, ultrasound therapy, chiropractic manipulative therapy, elec stim (other than wound) and massage therapy provided on 08/28/03 and 01/22/04.

#### DECISION

The reviewer disagrees with the prior adverse determination.

## BASIS FOR THE DECISION

Spinal manipulation and physical therapy were reasonable and necessary for the dates of service in dispute. The doctor wrote in one of his reports that he was seeing the patient for an "exacerbation and discomfort" of her condition. Having an exacerbation of symptoms following low back surgery and a 7% whole person impairment is not uncommon. The Texas Labor Code states the patient is entitled to care which cures or relieves the effects naturally resulting from the compensable injury, promotes recovery; or enhances the employee ability of the employee to return or retain employment. This review utilized the Texas Guidelines for Chiropractic Quality Assurance and Practice Parameters and the Texas Labor Code.

Ziroc has performed an independent review solely to determine the medical necessity of the health services that are the subject of the review. Ziroc has made no determinations regarding benefits available under the injured employee's policy

As an officer of ZRC Services, Inc, dba Ziroc, I certify that there is no known conflict between the reviewer, Ziroc and/or any officer/employee of the IRO with any person or entity that is a party to the dispute.

Ziroc is forwarding this finding by US Postal Service to the TWCC.

Sincerely,
