

THIS DECISION HAS BEEN APPEALED. THE FOLLOWING IS THE RELATED SOAH DECISION NUMBER:

SOAH DOCKET NO. 453-03-3592.M2

April 30, 2003

Re: MDR #: M2-03-0704-01
IRO Certificate No.: 5055

In accordance with the requirement for TWCC to randomly assign cases to IROs, TWCC assigned your case to ___ for an independent review. ___ has performed an independent review of the medical records to determine medical necessity. In performing this review, ___ reviewed relevant medical records, any documents provided by the parties referenced above, and any documentation and written information submitted in support of the dispute.

The independent review was performed by a matched peer with the treating health care provider. Your case was reviewed by a physician who is Board Certified in Orthopedic Surgery.

Clinical History:

This 46-year-old female claimant was injured in a work-related incident on ____. She gave a three-month history of pain in both hands, left greater than right, related to repetitive motion. She has been treated with medications, therapy and injections with no relief. EMB/NCV studies revealed bilateral carpal tunnel syndrome, mild to moderate on the left, and mild on the right.

Disputed Services:

Carpal ligament decompression and reconstruction.

Decision:

The reviewer agrees with the determination of the insurance carrier. The reviewer is of the opinion that the procedure in question is not medically necessary in this case.

Rationale for Decision:

Transverse carpal ligament release remains the surgical treatment of choice for carpal tunnel syndrome. No evidence is found in the literature supporting carpal ligament decompression and reconstruction.

I am the Secretary and General Counsel of ___ and I certify that the reviewing physician in this case has certified to our organization that there are no known conflicts of interest that exist between him and any of the treating physicians or other health care providers or any of the physicians or other health care

providers who reviewed this care for determination prior to referral to the Independent Review Organization.

We are simultaneously forwarding copies of this report to the payor and the Texas Workers' Compensation Commission. This decision by ____ is deemed to be a Commission decision and order.
