___ has been certified by the Texas Department of Insurance as an Independent Review Organization. The Texas Worker's Compensation Commission has assigned this case to ___ for independent review in accordance with TWCC Rule 133.308 which allows for medical dispute resolution by an IRO.

___ has performed an independent review of the proposed care to determine if the adverse determination was appropriate. In performing this review, all relevant medical records and documentation utilized to make the adverse determination, along with any documentation and written information submitted, was reviewed.

The independent review was performed by a matched peer with the treating doctor. This case was reviewed by a licensed Doctor of Chiropractic. The ___ health care professional has signed a certification statement stating that no known conflicts of interest exist between the reviewer and any of the treating doctors or providers or any of the doctors or providers who reviewed the case for a determination prior to the referral to ___ for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to the dispute.

CLINICAL HISTORY

___ developed bilateral lateral epicondylitis from typing on a computer at work. She has been on her job for 31 years and is presently working full-time. ___ prescribed a neuromuscular stimulator for this patient's use on a rental basis, then, with satisfactory results, requested the purchase of the unit. The carrier has denied the purchase of this device.

REQUESTED SERVICE

The purchase of a neuromuscular stimulator is requested for this patient.

DECISION

The reviewer disagrees with the prior adverse determination.

BASIS FOR THE DECISION

This patient has been treated conservatively with physical therapy that failed to give her significant relief. The neuromuscular stimulator was prescribed on a rental basis, and her symptoms decreased. Her doctor then requested preauthorization for purchase of the device, and was denied.

This patient is working full-time. As a result of the stimulator, her pain and spasm have decreased, she is able to take less medication, and she sleeps better. The documented decrease in signs and symptoms is enough, in itself, to establish medical necessity. The reviewer therefore recommends the purchase of a neuromuscular stimulator for this patient.

___ has performed an independent review solely to determine the medical necessity of the health services that are the subject of the review. ___ has made no determinations regarding benefits available under the injured employee's policy.

As an officer of ___, I certify that there is no known conflict between the reviewer, ___ and/or any officer/employee of the IRO with any person or entity that is a party to the dispute.

___ is forwarding by mail and, in the case of time sensitive matters by facsimile, a copy of this finding to the treating doctor, payor and/or URA, patient and the TWCC.

Sincerely,

YOUR RIGHT TO REQUEST A HEARING

Either party to this medical dispute may disagree with all or part of the decision and has a right to request a hearing.

In the case of prospective *spinal surgery* decision, a request for a hearing must be made in writing and it must be received by the TWCC Chief Clerk of Proceedings within 10 days of your receipt of this decision. (20 Tex. Admin. Code 142.5(c)).
