___ has been certified by the Texas Department of Insurance as an Independent Review Organization. The Texas Worker's Compensation Commission has assigned this case to ___ for independent review in accordance with TWCC Rule 133.308 which allows for medical dispute resolution by an IRO.

___ has performed an independent review of the proposed care to determine if the adverse determination was appropriate. In performing this review, all relevant medical records and documentation utilized to make the adverse determination, along with any documentation and written information submitted, was reviewed.

The independent review was performed by a matched peer with the treating doctor. This case was reviewed by a licensed Medical Doctor with a specialty and board certification in Orthopedic Surgery. The ___ health care professional has signed a certification statement stating that no known conflicts of interest exist between the reviewer and any of the treating doctors or providers or any of the doctors or providers who reviewed the case for a determination prior to the referral to ___ for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to the dispute.

CLINICAL HISTORY

___ is a 36-year-old nurse who was driving a motor vehicle when she was hit from the side by another vehicle. This accident occurred on ___. ___ treated her for this injury. She had physical therapy, epidural steroid injections and exercises. Her MRI demonstrated disc problems with nerve root compression at the L4/5 and the L5/S1 levels. She failed conservative treatment. ___ did an endoscopic discectomy and annuloplasty at L4/5 and L5/S1 on August 27, 2002. Unfortunately she has continued to have pain since the above procedure and her doctor is now requesting the purchase of an interferential and muscle stimulator for this patient's use. The insurance carrier has denied this request.

REQUESTED SERVICE

The purchase of an interferential muscle stimulator is requested for this patient.

DECISION

The reviewer agrees with the prior adverse determination.

BASIS FOR THE DECISION

There is no scientific evidence in the medical literature that documents the long-term use of this device for lumbar disc problems. The reviewer can find no documented evidence in the literature that supports a curative effect derived from this device. The purchase of this device for treatment of low back pain does not fall into the medically accepted standard of care. Subjective evaluation by this patient is not considered to be objective evidence or evidence of benefit from this device.

___ has performed an independent review solely to determine the medical necessity of the health services that are the subject of the review. ___ has made no determinations regarding benefits available under the injured employee's policy.

As an officer of ___, I certify that there is no known conflict between the reviewer, ___ and/or any officer/employee of the IRO with any person or entity that is a party to the dispute.

___ is forwarding by mail and, in the case of time sensitive matters by facsimile, a copy of this finding to the treating doctor, payor and/or URA, patient and the TWCC.

Sincerely,
