

## **NOTICE OF INDEPENDENT REVIEW DETERMINATION**

MDR Tracking Number: M2-04-0040-01

November 19, 2003

An independent review of the above-referenced case has been completed by a medical physician board certified in physical medicine and rehabilitation. The appropriateness of setting and medical necessity of proposed or rendered services is determined by the application of medical screening criteria published by Texas Medical Foundation, or by the application of medical screening criteria and protocols formally established by practicing physicians. All available clinical information, the medical necessity guidelines and the special circumstances of said case was considered in making the determination.

The independent review determination and reasons for the determination, including the clinical basis for the determination, is as follows:

See Attached Physician Determination

\_\_\_ hereby certifies that the reviewing physician is on Texas Workers' Compensation Commission Approved Doctor List (ADL). Additionally, said physician has certified that no known conflicts of interest exist between him and any of the treating physicians or providers or any of the physicians or providers who reviewed the case for determination prior to referral to \_\_\_.

Sincerely,

### CLINICAL HISTORY

A 38 year-old male s/p lumbar fusion with a fall and subsequent HNP at L3/4 and discectomy on 7/30/03. Reports muscle spasm post-surgery.

### REQUESTED SERVICE(S)

Purchase of pillow top mattress.

### DECISION

Agree with carrier's adverse determination. Not a compensable item.

RATIONALE/BASIS FOR DECISION

The use of a pillow top mattress is not an indicated medical treatment. There is no clinical information provided as to how this specific device would be medically necessary. There is no specific medical literature that would indicate that a particular type of mattress would reduce muscle spasms.
