

NOTICE OF INDEPENDENT REVIEW DETERMINATION

MDR Tracking Number: M2-04-0162-01

October 20, 2003

An independent review of the above-referenced case has been completed by a medical physician board certified in family practice. The appropriateness of setting and medical necessity of proposed or rendered services is determined by the application of medical screening criteria published by ____, or by the application of medical screening criteria and protocols formally established by practicing physicians. All available clinical information, the medical necessity guidelines and the special circumstances of said case was considered in making the determination.

The independent review determination and reasons for the determination, including the clinical basis for the determination, is as follows:

See Attached Physician Determination

___ hereby certifies that the reviewing physician is on Texas Workers' Compensation Commission Approved Doctor List (ADL). Additionally, said physician has certified that no known conflicts of interest exist between him and any of the treating physicians or providers or any of the physicians or providers who reviewed the case for determination prior to referral to ___.

CLINICAL HISTORY

This patient sustained a work related back injury on ____. Apparently she was treated with medications, physical therapy, injections (type was not specified). A request to purchase a muscle stimulator was denied and an appeal upheld the denial.

REQUESTED SERVICE(S)

Purchase of an Interferential Muscle Stimulator.

DECISION

Deny the request to purchase this device.

RATIONALE/BASIS FOR DECISION

This patient sustained her injury on ___ and a request to purchase the muscle stimulator was dated 8/6/03. This type of device is indicated as adjunctive therapy in the acute phase of treatment. Standard of care and generally accepted guidelines such as N.A.S.S., CMS, and the Philadelphia Panel Study do not support the use of this device for patients with chronic pain. Therefore, the request is denied.
