\_\_\_ has been certified by the Texas Department of Insurance as an Independent Review Organization. The Texas Worker's Compensation Commission has assigned this case to \_\_\_ for independent review in accordance with TWCC Rule 133.308 which allows for medical dispute resolution by an IRO.

\_\_\_ has performed an independent review of the proposed care to determine if the adverse determination was appropriate. In performing this review, all relevant medical records and documentation utilized to make the adverse determination, along with any documentation and written information submitted, was reviewed.

The independent review was performed by a matched peer with the treating doctor. This case was reviewed by a licensed Medical Doctor with a specialty and board certification in Physical Medicine and Rehabilitation. The reviewer is on the TWCC Approved Doctor List (ADL). The \_\_\_ health care professional has signed a certification statement stating that no known conflicts of interest exist between the reviewer and any of the treating doctors or providers or any of the doctors or providers who reviewed the case for a determination prior to the referral to \_\_\_ for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to the dispute.

#### CLINICAL HISTORY

\_\_\_ is approximately 67 years of age. He has had a history of multiple spine surgeries. On \_\_\_ he suffered a work-related injury resulting in complaints of back pain. He underwent extensive chiropractic treatment and multiple independent medical exams since that date.

Recently \_\_\_ had been seen in a pain management clinic in \_\_\_ where he has received various treatments, including the use of an RS-4i interferential and muscle stimulator.

#### REQUESTED SERVICE

The purchase of an RS-4i interferential and muscle stimulator is requested for this patient.

#### DECISION

The reviewer agrees with the prior adverse determination.

#### BASIS FOR THE DECISION

The \_\_\_ reviewer finds that the protracted use of this equipment is not supported by the medical documents provided. Also, there is insufficient evidence in the current medical literature to demonstrate that this particular modality has a lasting, or more than temporary effect on chronic pain problems.

\_\_\_ has performed an independent review solely to determine the medical necessity of the health services that are the subject of the review. \_\_\_ has made no determinations regarding benefits available under the injured employee's policy.

As an officer of \_\_\_, I certify that there is no known conflict between the reviewer, \_\_\_ and/or any officer/employee of the IRO with any person or entity that is a party to the dispute.

\_\_\_ is forwarding by mail and, in the case of time sensitive matters by facsimile, a copy of this finding to the treating doctor, payor and/or URA, patient and the TWCC.

Sincerely,
