

## NOTICE OF INDEPENDENT REVIEW DECISION

December 18, 2003

RE: MDR Tracking #: M2-04-0482-01  
IRO Certificate #: IRO4326

\_\_\_ has been certified by the Texas Department of Insurance (TDI) as an independent review organization (IRO). The Texas Workers' Compensation Commission (TWCC) has assigned the above referenced case to \_\_\_ for independent review in accordance with TWCC Rule §133.308 which allows for medical dispute resolution by an IRO.

\_\_\_ has performed an independent review of the proposed care to determine if the adverse determination was appropriate. In performing this review, relevant medical records, any documents utilized by the parties referenced above in making the adverse determination, and any documentation and written information submitted in support of the appeal was reviewed.

The independent review was performed by a \_\_\_ physician reviewer who is board certified in orthopedic surgery which is the same specialty as the treating physician. The \_\_\_ physician reviewer has signed a certification statement stating that no known conflicts of interest exist between him or her and any of the treating physicians or providers or any of the physicians or providers who reviewed the case for a determination prior to the referral to \_\_\_ for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to this case.

### Clinical History

This patient sustained an injury on \_\_\_, due to being broadsided in a motor vehicle accident. He has a history of a posterior lumbar interbody fusion a few years ago and then an anterior lumbar interbody fusion on 02/12/02. More recently, he had the second part of a 360 degree fusion at L4-5 on 03/20/03. He has used a transcutaneous electrical nerve stimulator (TENS) and an interferential muscle stimulator simultaneously for continued pain issues.

### Requested Service(s)

Purchase of an interferential stimulator

### Decision

It is determined that the purchase of an interferential stimulator is not medically necessary to treat this patient's condition.

### Rationale/Basis for Decision

These modalities have limited if any effect on a long-term basis. This patient has sedentary employment as a manager for an insurance company. He should be able to perform employment functions without significant additional non-specific treatment. There are no studies to indicate that these modalities are effective. Therefore, it is determined that the purchase of an interferential stimulator is not medically necessary.

This decision by the IRO is deemed to be a TWCC decision and order.

### **YOUR RIGHT TO REQUEST A HEARING**

Either party to this medical dispute may disagree with all or part of the decision and has a right to request a hearing.

**If disputing a spinal surgery prospective decision** a request for a hearing must be in writing and it must be received by the TWCC Chief Clerk of Proceedings within **10** (ten) calendar days of your receipt of this decision (28 Tex. Admin. Code 142.5 (c)).

**If disputing other prospective medical necessity (preauthorization) decisions** a request for a hearing must be in writing, and it must be received by the TWCC Chief Clerk of Proceedings within **20** (twenty) calendar days of your receipt of this decision (28 Tex. Admin. Code 142.5(c)).

This decision is deemed received by you 5 (five) days after it was mailed or the date of fax (28 Tex. Admin. Code 102.5(d)). A request for hearing and a **copy of this decision** must be sent to: Chief Clerk of Proceedings/Appeals Clerk, Texas Workers' Compensation Commission, P.O. Box 17787, Austin, Texas, 78744, Fax: 512-804-4011.

The party appealing this decision shall deliver a copy of its written request for a hearing to all other parties involved in this dispute.

Sincerely,

In accordance with Commission Rule 102.4 (h), I hereby verify that a copy of this Independent Review Organization (IRO) Decision was sent to the carrier, the requestor and claimant via facsimile or U.S. Postal Service from the office of the IRO on this 18 <sup>th</sup> day of December 2003.
