MDR Tracking Number: M2-04-0573-01  
IRO Certificate No.: 5259

December 31, 2003

An independent review of the above-referenced case has been completed by a chiropractic doctor. The appropriateness of setting and medical necessity of proposed or rendered services is determined by the application of medical screening criteria published by \_\_\_\_, or by the application of medical screening criteria and protocols formally established by practicing physicians. All available clinical information, the medical necessity guidelines and the special circumstances of said case was considered in making the determination.

The independent review determination and reasons for the determination, including the clinical basis for the determination, is as follows:

See Attached Physician Determination

\_\_\_ hereby certifies that the reviewing physician is on Texas Workers' Compensation Commission Approved Doctor List (ADL). Additionally, said physician has certified that no known conflicts of interest exist between him and any of the treating physicians or providers or any of the physicians or providers who reviewed the case for determination prior to referral to \_\_\_.

### CLINICAL HISTORY

Patient was mopping a floor on \_\_\_ when she slipped and fell backwards on her buttocks. Treatment for the injury included physical medicine treatments and joint mobilization.

### REQUESTED SERVICE (S)
