The independent review was performed by a matched peer with the treating doctor. This case was reviewed by a licensed Doctor of Chiropractic. The reviewer is on the TWCC Approved Doctor List (ADL). The ___ health care professional has signed a certification statement stating that no known conflicts of interest exist between the reviewer and any of the treating doctors or providers or any of the doctors or providers who reviewed the case for a determination prior to the referral to ___ for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to the dispute.

CLINICAL HISTORY

This patient received physical therapy treatments and at least one epidural steroid injection after injuring her low back as a result of a fall while at work on ___.

REQUESTED SERVICE

A 30-session chronic pain management program is requested for this patient.

DECISION

The reviewer agrees with the prior adverse determination.

BASIS FOR THE DECISION

A chronic pain management program is not medically indicated until such time as all other indicated therapies have been attempted and failed. In this case, the supplied medical records are devoid of any documentation that spinal manipulation was performed at any time.

According to the AHCPR guidelines, spinal manipulation is the only treatment that can relieve symptoms, increase function and hasten recovery for adults with acute low back pain. Based on those findings a chronic pain management program is neither indicated nor medically necessary for this patient.

Furthermore, the medical records submitted fail to document that a chronic pain management program would likely cure or relieve the effects naturally resulting from the compensable injury, promote recovery or enhance the ability of this employee to return to or retain employment.

___ has performed an independent review solely to determine the medical necessity of the health services that are the subject of the review. ___ has made no determinations regarding benefits available under the injured employee's policy.

As an officer of ___, I certify that there is no known conflict between the reviewer, ___ and/or any officer/employee of the IRO with any person or entity that is a party to the dispute.

___ is forwarding by mail and, in the case of time sensitive matters by facsimile, a copy of this finding to the treating doctor, payor and/or URA, patient and the TWCC.

Sincerely,
