NOTICE OF INDEPENDENT REVIEW DECISION

January 11, 2005

Re: IRO Case # M2-05-0516

Texas Worker's Compensation Commission:

Envoy Medical Systems, LP (Envoy) has been certified as an independent review organization (IRO) and has been authorized to perform independent reviews of medical necessity for the Texas Worker's Compensation Commission (TWCC). Texas HB. 2600, Rule 133.308 effective January 1, 2002, allows a claimant or provider who has received an adverse medical necessity determination from a carrier's internal process, to request an independent review by an IRO.

In accordance with the requirement that TWCC assign cases to certified IROs, TWCC assigned this case to Envoy for an independent review. Envoy has performed an independent review of the proposed care to determine if the adverse determination was appropriate. For that purpose, Envoy received relevant medical records, any documents obtained from parties in making the adverse determination, and any other documents and/or written information submitted in support of the appeal.

The case was reviewed by a physician who is Board Certified in Anesthesiology and Pain Management, and who has met the requirements for the TWCC Approved Doctor List or who has been granted an exception from the ADL. He or she has signed a certification statement attesting that no known conflicts of interest exist between him or her and any of the treating physicians or providers, or any of the physicians or providers who reviewed the case for a determination prior to referral to Envoy for independent review. In addition, the certification statement further attests that the review was performed without bias for or against the carrier, medical provider, or any other party to this case.

The determination of the Envoy reviewer who reviewed this case, based on the medical records provided, is as follows:

Medical Information Reviewed

1. Table of disputed services
2. Denial letters
3. Appeal letter 11/4/04
4. Psychological evaluation 5/5/03
5. Physical performance evaluations 4/39/04, 10/5/04
6. Discharge summary biofeedback 10/18/04
7. Summary of psychotherapy 10/5/05
8. Notes from requestor

History

The patient is a 43-year-old male who has had right shoulder pain since a ___ injury. He has been treated with surgery, physical therapy, rehabilitation, chiropractic care, medications and biofeedback. A psychological evaluation reveals depression and anxiety. Psychotherapy has also been performed.

Requested Service(s)

30-day chronic pain management program

Decision

I agree with the carrier's decision to deny the requested pain management program.

Rationale

The patient has had extensive behavioral and physical therapy. The components of a pain management program have been provided. Additional behavioral therapy is redundant and unnecessary. The first line of treatment for depression and anxiety is antidepressants. There is no indication that antidepressants have been provided.

This medical necessity decision by an Independent Review Organization is deemed to be a Commission decision and order.

YOUR RIGHT TO REQUEST A HEARING

Either party to medical dispute may disagree with all or part of the decision and has a right to request a hearing.
