NOTICE OF INDEPENDENT REVIEW DECISION

RE: MDR Tracking #: M2-05-0767-01
TWCC #:
Injured Employee:
Requestor: RS Medical
Respondent: Transcontinental Insurance Company
MAXIMUS Case #: TW05-0024

MAXIMUS has been certified by the Texas Department of Insurance (TDI) as an independent review organization (IRO). The MAXIMUS IRO Certificate Number is 5348. Texas Worker's Compensation Commission (TWCC) Rule §133.308 allows for a claimant or provider to request an independent review of a Carrier's adverse medical necessity determination. TWCC assigned the above-reference case to MAXIMUS for independent review in accordance with this Rule.

MAXIMUS has performed an independent review of the proposed care to determine whether or not the adverse determination was appropriate. Relevant medical records, documentation provided by the parties referenced above and other documentation and written information submitted regarding this appeal was reviewed during the performance of this independent review.

This case was reviewed by a practicing physician on the MAXIMUS external review panel. The reviewer has met the requirements for the ADL of TWCC or has been approved as an exception to the ADL requirement. This physician is board certified in neurosurgery and is familiar with the condition and treatment options at issue in this appeal. The MAXIMUS physician reviewer signed a statement certifying that no known conflicts of interest exist between this physician and any of the treating physicians or providers or any of the physicians or providers who reviewed this case for a determination prior to the referral to MAXIMUS for independent review. In addition, the MAXIMUS physician reviewer certified that the review was performed without bias for or against any party in this case.

Clinical History

This case concerns a male who sustained a work related injury on _____. The patient reported that while at work he injured his upper and lower back when he was lifting some boxes. The diagnoses for this patient have included thoracic spine pain and cervicobrachial syndrome. Treatment for this patient's condition has included surgery, physical therapy, injections, pain medications, and the use of an RS4i sequential stimulator. The purchase of an RS4i sequential stimulator has been recommended for further treatment of this patient's condition.

Requested Services

Purchase of an RS4i sequential, 4 channel combination interferential & muscle stimulator.

Documents and/or information used by the reviewer to reach a decision:

Documents Submitted by Requestor:

1. Case Management Flow Sheet 4/10/02 – 11/22/04
2. RS Medical Prescription 9/20/04 and 11/17/04
3. Follow Up Progress Note 11/16/04

Documents Submitted by Respondent:

1. Report of Medical Evaluation 9/29/04
2. Review of Medical History & Physical Exam 9/29/04
3. Designated Doctor Evaluation 5/12/04

Decision

The Carrier's denial of authorization for the requested services is upheld.

Rationale/Basis for Decision

The MAXIMUS physician reviewer noted that this case concerns a male who sustained a work related injury to his back on _____. The MAXIMUS physician reviewer also noted that the diagnoses for this patient's condition has included thoracic spine pain and cervicobrachial syndrome. The MAXIMUS physician reviewer further noted that treatment for this patient's condition has included medications, surgery, physical therapy, injections, and the use of an RS4i sequential stimulator. The MAXIMUS physician reviewer indicated that the purchase of the RS4i sequential stimulator has been recommended for further treatment of this patient's condition. The MAXIMUS physician reviewer explained there is no efficacy established for the use of an RS4i sequential stimulator for the treatment of this patient's condition. The MAXIMUS physician reviewer also explained that without established efficacy, the RS4i sequential stimulator is not medically necessary for the treatment of this patient's condition. Therefore, the MAXIMUS physician consultant concluded that the requested purchase of the RS4i sequential, 4 channel combination interferential & muscle stimulator is not medically necessary to treat this patient's condition at this time.

This decision is deemed to be a TWCC Decision and Order.

YOUR RIGHT TO REQUEST A HEARING

Either party to this medical dispute may disagree with all or part of the decision and has a right to request a hearing.

If disputing a spinal surgery prospective decision a request for a hearing must be in writing and it must be received by the TWCC Chief Clerk of Proceedings within **10 (ten)** days of your receipt of this decision. (20 Tex. Admin. Code 142.5(c)).

If disputing other prospective medical necessity (preauthorization) decisions a request for a hearing must be in writing and it must be received by the TWCC Chief Clerk of Proceedings within **20 (twenty)** days of your receipt of this decision. (28 Tex. Admin. Code 148.3).

This decision is deemed received by you 5 (five) days after it was mailed. (28 Tex. Admin. Code 102.4(h) or 102.5(d)). A request for a hearing should be sent to:

Chief Clerk of Proceedings/Appeals Clerk
P.O. Box 17787
Austin, TX 78744

Fax: 512-804-4011

A copy of this decision should be attached to the request.

The party appealing the decision shall deliver a copy of its written request for a hearing to all other parties involved in the dispute. (Commission Rule 133.308(t)(2)).

Sincerely,
MAXIMUS

Elizabeth McDonald
State Appeals Department

cc: Texas Workers Compensation Commission

I hereby verify that a copy of this Independent Review Organization (IRO) Decision was sent to the carrier, the requestor and claimant via facsimile or U.S. Postal Service from the office of the IRO on this 3rd day of March, 2005.
