IRO #: 5251

IRO America Inc. (IRO America) has been certified by the Texas Department of Insurance as an Independent Review Organization. The Texas Worker's Compensation Commission (TWCC) has assigned this case to IRO America for independent review in accordance with TWCC Rule 133.308 which allows for medical dispute resolution by an IRO.

IRO America has performed an independent review of the proposed care to determine if the adverse determination was appropriate. In performing this review, all relevant medical records and documentation utilized to make the adverse determination, along with any documentation and written information submitted, was reviewed.

The independent review was performed by a matched peer with the treating doctor; the Reviewer is a credentialed Panel Member of IRO America's Medical Knowledge Panel who is a licensed Provider, board certified and specialized in Chiropractic care. The reviewer is on the TWCC Approved Doctor List (ADL).

The IRO America Panel Member/Reviewer is a health care professional who has signed a certification statement stating that no known conflicts of interest exist between the Reviewer and any of the treating doctors or providers or any of the doctors or providers who reviewed the case for a determination prior to the referral to IRO America for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to the dispute.

RECORDS REVIEWED

Notification of IRO assignment, information provided by Requestor, Respondent, and Treating Doctor(s) including: letter of medical necessity and treatment notes from James Tanner DC, notes from James Flowers LPC and Laura Lopez LPC, notes from Charles Breckinridge MD, progress notes from The Neck and Back Clinic, peer review notes from Michael LeCompte DO.

CLINICAL HISTORY

On ____, the patient was working as a copier repair technician. He and a co-worker were moving a large crated copier when the patient's right foot slipped on some toner on the floor and he sustained a hyperextension injury to the left knee and fell onto his left knee and ankle.

DISPUTED SERVICE(S)

Under dispute is the prospective and/or concurrent, medical necessity of 30 sessions of chronic pain management.

DETERMINATION/DECISION

The Reviewer agrees with the determination of the insurance carrier.

RATIONALE/BASIS FOR THE DECISION

It appears from the treatment notes, that not all of the lower levels of care or surgical options were completely exhausted before turning this patient over to a chronic pain management program. This does not follow the treatment guidelines of the *Texas Guidelines for Quality Assurance and Practice Parameters*. In addition, according to *The American College of Occupational and Environmental Medicine Guide*, patients with any type of knee injury or disorder will find prolonged standing or walking to be difficult, but a return to a modified work duty is extremely desirable to maintain activities and prevent debilitation.

Screening Criteria

1. Specific:

Texas Guidelines for Quality Assurance and Practice Parameters

The American College of Occupational and Environmental Medicine Guide

2. General:

In making his determination, the Reviewer had reviewed medically acceptable screening criteria relevant to the case, which may include but is not limited to any of the following: Evidence Based Medicine Guidelines (Helsinki, Finland); Texas Medical Foundation: Screening Criteria Manual (Austin, Texas); Texas Chiropractic Association: Texas Guidelines to Quality Assurance (Austin Texas); Texas Medical Foundation: Screening Criteria Manual (Austin, Texas); Mercy Center Guidelines of Quality Assurance; any and all guidelines issued by TWCC or other State of Texas Agencies; standards contained in Medicare Coverage Database; ACOEM Guidelines; peer-reviewed literate and scientific studies that meet nationally recognized standards; standard references compendia; and findings; studies conducted under the auspices of federal government agencies and research institutes; the findings of any national board recognized by the National Institutes of Health; peer reviewed abstracts submitted for presentation at major medical associates meetings; any other recognized authorities and systems of evaluation that are relevant.

CERTIFICATION BY OFFICER

IRO America has performed an independent review solely to determine the medical necessity of the health services that are the subject of the review. IRO America has made no determinations regarding benefits available under the injured employee's policy.

As an officer of IRO America Inc., I certify that there is no known conflict between the Reviewer, IRO America and/or any officer/employee of the IRO with any person or entity that is a party to the dispute.

IRO America is forwarding by mail or facsimile, a copy of this finding to the TWCC, the Injured Employee, the Respondent, the Requestor, and the Treating Doctor.

Sincerely,

IRO America Inc.
